Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
8th February 1875.*

No. 200 Read the following letter from Major G V LAW, District Engineer, Trichinopoly, to Colonel G. W. WALKER, R E, Secretary to Government, Public Works Department, dated 11th January 1875, No 511.

I HAVE the honor to enclose plan and specification for re roofing surgery buildings at Trichinopoly called for in G. O., No. 21, 3rd November 1874.

2 In my letter, No 425, dated 3rd December 1874, I reported that I did not consider that raising the roof would be sufficient to remedy the heat and closeness complained of, as the building was blocked in by a guard-room

3 The Military and Medical authorities are, however, anxious that the raising of the roof and ridge ventilation should be carried out before the hot weather sets in as approved of by Government, leaving the question of removing the guard-room for future consideration.

4. The small balances for Minor New Works and Repairs, Military, now remaining at my disposal, are not sufficient for the other wants of the station.

Minor New Works	...	RS 224
Repairs	.	264

5 I have, therefore, the honor to request that, if funds cannot be made available in current year, I may be permitted to carry on the work in anticipation of funds being provided in April next.

No. 201. ORDER THEREON, 8th February 1875, No. 356.

MILITARY WORKS, No. 8.

THE District Engineer, Trichinopoly, is authorized to proceed with the work alluded to in the above letter, for which an estimate, amounting to Rupees 630, was approved in G. O., No 3,381, of 14th October 1874, Military Department, in anticipation of an allotment from the Reserve of 1875-76 under Military.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Trichinopoly.

Specification of proposed raising roof and
Ridge Ventilation to Surgery block of European Detail
Hospital at Trichinopoly approved of in G.O. N-21 dated
3rd November 1874

1. The present roof of the Surgery block
(shown by black dotted lines in the plan) is
reported to be unbearably hot.

2. A corresponding block of buildings
on the opposite side of the gateway occupied
by the Staff Sergeants was raised in the year
1873/74 and ridge ventilation provided.

3. It is now proposed to raise the
Surgery block in a similar manner and
provide ridge ventilation, as shown in red lines
the verandah pillars being raised one foot
and the main walls two feet.

Encl. 2..

Sir
 I have the honor to enclose plan and
 Specification for re-roofing surgery building
 at Trichinopoly called for in G.O. No. 21. 3 of
 November 1874.

2. In my letter No. 1, 25 dated 3rd December
 1874 I reported that I did not consider that
 raising the roof would be sufficient to remedy
 the heat and dampness complained of as the
 building was blocked in by a Guard Room.

3. The Military and Medical Authorities are
 however anxious that the raising of the roof and
 ridge ventilation should be carried out before
 the hot weather sets in, as approved of by Govern-
 ment, leaving the question of removing the Guard
 Room for future consideration.

4. The small balances for minor new work
 in Minor Works 224 and repairs Military crow-
 repairs 224 remaining at my disposal

are not sufficient for the other wants of the
Station.

I have therefore the honor to request
that if funds cannot be made available in
current year I may be permitted to carry on
the work in anticipation of funds being pro-
vided in April next.

I have the honor to be
Sir
Your Obedient Servant
George V. Laid - Major
District Engineer, Dickinson
