No. 375. Read the following letter from T. D. HARRIS, Esq., Officiating District Engineer, Malabar, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Beypore, 13th December 1875, No. A :—

I HAVE the honor to report that one of my peons while on circuit with me to Palghaut was attacked with cholera at Beypore on the night of 10th instant, and he was treated by the Railway Apothecary C. Peroomaul Pillay; the case was one of the worst I have seen on this coast, and the man in one hour was nearly gone; it was a true case of Asiatic cholera of the most virulent type, and were it not for the energetic treatment by this medical man the case would have proved fatal: he performed his duties in a most praiseworthy manner and remained by the peon all night, he went through immense fatigue and trouble. I therefore request that Government may be pleased to sanction Rupees 10 as a remuneration for the able and prompt assistance he has rendered on the occasion.

2. In conclusion I may add that the peon is now quite well.
