My Dear Mr. Dwyer. I see you have not as yet sent in those of the D. P. W. for Chumam and Timber got for Trompke & Co. Captain Burant sent for me and kicked up an awful row, and said if they were not paid by tomorrow he would stop the amount out of your pay, so if you do not send us the particulars it will not be the fault of the firm - Captain Burant is greatly annoyed and told Mr. Pyramie also yesterday that he must have his pay from us or else he ~~will~~ will take it from your pay as look in. -

Major General G. W. Walker R.E.
Chief Engineer and
Secretary to Government
Public Works Dept.
Madras.

Sir,

I beg respectfully to submit
the following facts with reference to the
late G. O. No. 3330 of 22nd November 1875. —
determining that an unadjusted deficit
of Rupees 114.2.11. — is still recorded
against me.

1. That this deficit is shown in
a Statement received from Captain
J. L. L. Morant R.E. District Engineer of
Nilgherries dated Coimbatore 3rd November 1875,
by the following items.

2. On the Debit side of the Statement. —
Two fictitious rolls for Rupees 233.5. — and
304.9. — respectively, together with the Cash.
balances Rupees 87.4.2 are shown, the facts
towards the expenditure of these sums, and
its entry prior to the actual full payments,
were all explained verbally, and by letter
No. 3 of 2nd June 1875, to the Nilgerry District
Engineer, and also in my letter referred to in
G. O. No. 3330 of the 25th October 1875.

3. The sum of Rupees 131.10. — for
private works executed, were also in like
manner explained, in the above letters.

but that of the non-entry of the said sum
in the Cash book, I beg to state, was owing
to the recovery of money, having been received
by the Wellington D.P.W. Writer, during my
absence, and sent out to me while at
Mortengherny, from time to time, subsequent
even to the date my Cash book had been
closed, and taken away by the Mellgherny
District Engineer. - vide Letter No. 133. Para 3 of
4th June 1875, of the said Officer, and not
until the 19th May 1875 - vide Para 4 of the
same letter. - Did the examination of the
private "Bill Book Accounts" take place, when
this sum was determined, &st. I submit,
there could be no dishonesty to conclude by
this, as the Book was kept up with all its
entries up to date.

4. The Rupees 231-8- being value
of Tools and Plant lost, I may as well re-
present to be fully owing to the following. -
That the Stores at Wellington, had been taken
charge of during my absence in April 1875,
by one of the European Sapper Sergeants, sent
from Potacumund, that no precaution whatever
was taken, in that, or after that date, to take an
account of the Tools &c. in and out of the Stores,
or in re-issuing them to the work people, and
not until the 23rd June 1875, was I called upon
to do so, and, in finally handing over charge
of the same to the Store-keeper, remarked on
the list of Tools & Plant. - see R. dated 27th June 75.

5. The Rupees 202-4-6 being value
of materials noted as unauthorized, sup-
plied to Tradesmen, was also explained
in my letter referred to in G.O. No. 3330/ of the
25th October 1877, accompanied by a Copy
of

of the letter from Mr. Peetoyce Kisserwanpe,
the party supplied, Bpt, I further beg to
state, that had the same steps been taken,
towards its recovery, as were very many more
such as the bills for the Race Course, & Little
Alley &c., there never would have been a
difficulty, but on the contrary, I was forced
upon with this, as will be seen in the copy
of the accompanying letter. See B.-

6. On the Credit side of the Account,
Statement - Sum of Rupees 457-10- and
Rs 142-10-5 have been recovered, thus leaving
a deficit of Rs 156-3-9, as shown in G. O. No. 2074 of 21st July 1875. - Bpt, I am ready to prove
that all the sums remaining to be recovered,
as will be seen in the accompanying list,
See D. - were bona fide payments, but
through being disallowed, curtailed, &c.,
that I failed to be able to make good
this sum from the parties, just then, and
in one instance, Rupees 57- - recoverable
from a Petty Contract Bill / Contractor Mootoo-
Sawmy, was totally lost sight of, although
the usual and same system for the
recovery of the other advances, was sub-
mitted for payment in this Bill also.

7. My salary for the months of
May & June 1875 viz Rs. 229-5-4 is
credited, but only Rupees 15- - Travelling
Allowance for the month of May 1875, is accord-
-ed in the Statement, but not also for
June 1875. - however, - it was understood
by the Kailash District Engineer's letter
No. 155 of 30th Jan. 1875 to Government.
