*Proceedings of the Madras Government, Public Works Department,
27th December 1875.*

Read the following papers:—

No. 471. From the Officiating District Engineer, Malabar, dated 25th October 1875, No. 109.

No. 471-A. From the same Officer, dated Camp, Cannanore, 26th November 1875, No. 130.

ADVERTING to your memorandum No. 654, dated 4th instant, I have the honor to submit herewith the estimate* revised as per your instructions, from which you will perceive that five external and four internal doors require renewal. The doors having been put up of jungle-wood some 15 years ago and white ants having got at them, and the Military Department having urged the necessity for rendering the godowns safe, I should, in my opinion, think that the work was emergent to prevent further deterioration and theft being committed; it was also considered emergent by the Military Authorities on the latter grounds particularly. No credit was given for old doors, as their value would have covered the cost of iron work required, hence the latter item was not included in the original estimate. There being no arches over the doors, it is anticipated that a portion of masonry will have to be removed while fixing the new doors, and the sundries and superintendence have been reduced to 5 per cent., but this is hardly sufficient in a district like Malabar.

2. Trusting that the above explanation will be found satisfactory, I beg early sanction may be accorded to the estimate.

No. 471-B. From the same Officer, dated 14th December 1875, No. 142.

No. 472. ORDER THEREON, 27th December 1875, No. 3,637.

MILITARY WORKS, No. 15.

THE estimate of Rupees 270 for renewing the doors of the Commissariat godowns at Malleapooram is sanctioned, and funds allotted from the amount held at the disposal of Government in G.O., No. 3,347, of 2nd November 1875. It is observed that for painting these, amongst other doors at Malleapooram, an estimate of Rupees 660 was sanctioned in G.O., No. 1,713, of 18th June.

Sir,
Adverting to your Memo. No. 654
dated 4th Instant, I have the honour to
submit herewith the estimate re-
vised as per your instructions
from which you will perceive that
5 internal and 4 external doors
require renewal. The doors having
been put up of jungle wood some
15 years ago and white ants having
got at them and the Military
Department having urged the
necessity for rendering the Godown
safe, I should, in my opinion,
think that the work was emergent
to prevent further deterioration and
theft being committed. It was
also considered emergent by the
Military Authorities on the latter
grounds particularly. No credit
was given for old doors as their

value would have covered the cost of iron work required, hence the latter item was not included in the original estimate. There being no arches over the doors, it is anticipated that a portion of masonry will have to be removed while fixing the new doors, and the sundries and superintendence have been reduced to 5 per cent but this is hardly sufficient in a District like Malabar.

Trusting that the above explanation will be found satisfactory, I beg early sanction may be accorded to the estimate.

Letter from the offg. S.E. Malabar
No 109 of 25 Oct 1875

The Chief Engineer observes
that it is not stated that all the
doors are internal ones, and there
would appear to be no necessity for
considering urgent the removal
of internal doors. The S.E. Malabar
should more carefully limit his
classification of what is urgent.

No credit is given for the old
doors as materials while on the
other hand not only is No 2 charged
for removal, but $7\frac{1}{2}$ per cent for
sundries in addition. The estimate
seems to require revision.

Sir,

I have the honor to forward
for sanction and provision of funds an
estimate for renewing the doors of the
Commisariat godowns at Malleswaram
and to state that the doors having
been in an insecure condition they
might be forced open and theft commit-
ted, I have at the request of the Officer
Commanding the Province, ordered
the execution of the work on emergency
in anticipation of the sanction of
Government. The Estimate has received
the approval of His Excellency the
Commander-in-Chief.
