*Proceedings of the Madras Government, Public Works Department,
18th February 1875.*

No 448. Read the following endorsement of the Chief Engineer for Irrigation, dated Camp at Arconum, 22nd January 1875, No. 2:—

From W. D. HORSLEY, Esq., Collector of Cuddapah, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Cuddapah, 9th January 1875, No. 2.

WITH reference to your letter of the 23rd December 1874, No. 85, I have the honor to forward Statement E for season 1873-74, Fasli 1283, as also Statement A for the same year with its enclosure.

E.—SEASON 1873-74 (FASLI 1283.)

Annual Statement showing the Full Demand Remissions and Net Demand for Irrigation and Water-supply under the Madras Irrigation and Canal Company's Canal.

REMARKS.—(a) The amount of water-rate calculated at 6 reposes on the extent exhibited in Column 2 under first crop does not tally with the actual amount of water-rate in Column 4, owing to the operation of G. O. No. 151, dated 7th February 1873, in this Fasli and the inclusion of water charge for betel gardens.

(b.) The same difference is visible under these heads, owing to the inclusion under them of the extent irrigated more and less than the periods concerned.

(c.) A like difference is observable under these heads, firstly, because the late Deputy Collector appears to have found at his inquiry less number of floodings to have been used by crops than those given in the accounts by Caruam, and to have charged accordingly, and, secondly, because of the operation of G. O. No. 151, dated 17th February 1873.

Acting Deputy Collector.

()

W. D. HORSLEY,

Collector.

Proceedings of the Madras Government, Public Works Department,
18th February 1875.

SUBMITTED for the information of Government.

The total area under irrigation was, it will be seen, as follows:—

	1872-73.	1873-74.	Increase.
	ACRES.	ACRES.	ACRES.
Kurnool ...	5,944	6,974	1,030
Cuddapah ...	3,473	6,381	2,908
Total ...	9,417	13,355	3,938

The increase in Kurnool was but 17 per cent., that in Cuddapah 83 per cent., and together nearly 42 per cent.

2. The revenue derived from irrigation was—

	1872-73.	1873-74.	Increase.
	RS.	RS.	RS.
Kurnool ...	31,204	37,492	6,288
Cuddapah ...	17,251	25,006	7,755
Total ...	48,455	62,498	14,043

the increase on the whole being 29 per cent.

3. The average water-rate was in—

	1872-73.	1873-74.
Kurnool ...	5.25	5.38
Cuddapah ...	5.00	3.92

4. The remissions in the later year in Kurnool were about half those of the preceding fasli. In Cuddapah there was no great difference in the proportion in the two years.

1874, N^o 85, I have the honor to forward statement
E for season 1873-74, Fasli 1283 as also statement
A for the same year with its enclosure.

I have the honor to be

Sir,

Your most Obt. Servant

Rameswamy
Collector.
for the

Handwritten notes at the top of the left page, including "The total area under irrigation was" and "it will be seen, as follows."

Handwritten notes in the middle of the left page, including "The total area under irrigation was" and "it will be seen, as follows."

Handwritten notes at the bottom of the left page, including "The total area under irrigation was" and "it will be seen, as follows."

1873-74

1873-74

Submitted for the information of Government

The total area under irrigation was, it will be seen, as follows,

	1872-73	1873-74	Increase
Kurnool - Acres	5,944	6,974	1,030
Buddapah - " -	$\frac{3,473}{9,417}$	$\frac{6,381}{13,355}$	$\frac{2,908}{3,938}$

the increase in Kurnool was but 17 per cent, that in Buddapah 83 per cent, and together nearly 42 per cent.

2 The Revenue derived from Irrigation was,

	1872-73	1873-74	Increase
Kurnool - Rupees	31,204	37,492	6,288
Buddapah - " -	$\frac{17,251}{48,455}$	$\frac{25,006}{62,498}$	$\frac{7,755}{14,043}$

the increase on the whole being 29 per cent.

3 The average water rate was in,

	1872-73	1873-74
Kurnool -	5.25	5.38
Buddapah -	5.00	3.92

4 The remissions in the later year in Kurnool
