Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
24th February 1875.*

No. 596. Read the following letter from Major J. BEATTY, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Chief Engineer, and Secretary to Government, Public Works Department, dated Dowlaishweram, 9th February 1875, No. 3,490 :—

I HAVE the honor to report that Mr. Executive Engineer Vanstavern has this day started for Beddadanole to resume boring operations there, and I take the opportunity to bring to your notice that, owing to the non-arrival of the tools ordered from England, he will not be able to make such progress as would otherwise have been possible. His present tools are sufficient for two* holes only in

* Or three of short depth.

hard or tolerably stiff soil; with the new tools three or four additional holes could have been carried on in any soil.

No. 597. ORDER THEREON, 24th February 1875, No. 535.

ACCOUNT, No. 35.

ORDERED that the Home Government be addressed on the subject.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

Dowlaiswaram 9th February 1875.

From

Major J. Beatty R.E.
District Engineer Godavery

To

Colonel G. W. Walker R.E.
Chief Engineer and Secretary
to Government D.P.W.
Madras.

Sir,

I have the honor to report that
Mr. Executive Engineer Vanstavern has
this day started for Beddandole to re-
sume boring operations there, and I take
the opportunity to bring to your notice
that owing to the non-arrival of the tools
ordered from England he will not be able
to make such progress as would otherwise
have been possible. His present tools are
sufficient for two^x holes only in hard or
tolerably stiff soil, with the new tools three

^x or three of
short depth

or four additional holes could have been
carried on in any soil.

I have the honor to be

Sir

Your most obedient servant
