for Agent and Manager.
Mahazarnamah tendered by individuals marked and signed underneath to the Officer in charge of the Police Station and to the Munsif of Jollarpett Village on the 6th January 1875.

We have inspected the corpse of Chenthulala, about the age of 35, and lying here. We have discovered no marks of violence on his person so as to raise suspicion regarding his death. The deceased has relations at Velayamputti adjoining Veniembady, and is the son of Muckundarowlala. His brother, Narayanathaslala, states that this Chenthulala accompanied Sivaramlala of the said village to Benares in a pilgrimage about four months ago, and, while returning from that place, died in the rail near Vaniembady; that he was suffering for a long time from flux and diarrhoea, and was much reduced in health, and that he died from debility, and that he has no suspicion against any person; that the brazen utensils and other articles which were with him are here ready now, and that he has no suspicion against Sivaramlala who accompanied him to Benares. Orders were, therefore, given to the relatives of the deceased to inter the corpse.
