Dated	2. 3.	195	18/5

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
2nd March 1875*

No 36 Read the following letter from Major J. W. HINDLE, Officiating District Engineer, Vizagapatam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Waltair, 2nd February 1875, No 2,144 —

I HAVE the honor to submit, herewith, an original letter received from the Executive Engineer of Jeypore Ghaut Range, requesting Government to reconsider the orders contained in G.O., No 29 38, of 14th October 1874

1 List
1 Original letter, No 420, of 26th January 1875, from Mr Nordmann

2 I beg to enclose, for your information, a list showing how the delay noticed by Government regarding the submission of the estimate of stores of this district has occurred

3. Mr Grainger's telegram calling for the estimate in question, (which was dated 29th July 1874,) was communicated to the Range Officers on the 30th July. The estimates of No 1 and Jeypore Ghaut Ranges were received in this office on the 8th and 15th August 1874, respectively, and I compiled and forwarded them to the General Superintendent of Public Works Stores on the 18th August, in view of a supplemental estimate being submitted afterwards, when the one of Vizianagram Range was received. This estimate was received in my office on the 20th August and was forwarded to Madras on the 21st August 1874, but both estimates were returned to me with Mr Grainger's letters, dated 28th and 29th August, stating that they were not prepared in accordance with the form given in G.O., No 2,147, of 27th August 1873. Had the General Superintendent mentioned this Government Order in his telegram above quoted, the estimate of stores of this district would have reached Madras in time, prepared in the required form.

4 This office was not aware that any estimate of the kind was due in the month of July, as the G.O., No 2,147, of 27th August 1873, appeared to have been superseded by your Circular memorandum No. 363, of 3rd October 1873. The General Superintendent also states that the estimate under notice can answer

* These I forwarded to the General Superintendent on the 7th October 1874. lists* and estimates* required by Circular No. 363, of 3rd October 1873, be furnished complete, no practical inconvenience would result from the non-inclusion of the wants of this district in the abstract estimate for 1875-76.

No 37. ORDER THEREON, 2nd March 1875, No 583.

ESTABLISHMENT, No 3

His Excellency the Governor in Council gives Mr Nordmann full credit for many excellent qualities as an Executive Officer, and regrets the more to have had to point out on several occasions that his management of expenditure and accounts, and his attention to orders regarding necessary returns, have not been equally satisfactory.

2 In the present case Mr Nordmann undoubtedly failed to keep himself informed of details relative to the preparation and despatch of returns, the annual
