I AM directed to acknowledge the receipt of your No. 54, dated 9th January 1875, and in reply to convey sanction to such portion of the re appropriations of budget credits applied for as amounts to Rupees 69,510 as noted in the margin, in order to provide for outlay on certain Military and Civil Works during the current official year.

2 As regards the re-appropriations of grants proposed for the lighthouses at Comorin and Muttum, and for the purchase of a poled tent for the Mount Range, I am to say as follows —

Lighthouses at Comorin and Muttum (Kadiapatam)

A sum of Rupees 2,000 is proposed to be provided under this head by a re-appropriation from the grant for the Telegraph Office at Madras, on the ground that the charges on account of lighthouses are debitable to *Imperial Funds*. On this point I am to remark that no decision has yet been arrived at by the Government of India respecting the liability of Imperial Funds to bear the charges for lighthouses, and that, pending orders on the subject, expenditure on the light-houses at Comorin and Muttum should continue to be provided for from the grant assigned for those structures from Provincial Funds, which, it is observed, amounts to Rupees 30,000 for 1874-75.

Purchase of a Tent for the Mount Range.

Under this head, it is observed a sum of Rupees 350 has been proposed to be provided by re-appropriation from the grant for Minor Works, Postal. It is, however, not understood why this small amount has not been obtained from the regular grant for Tools and Plant, which for 1874-75 amounts to Rupees 8,600, and I am to inquire whether this cannot be done.

No 243B ORDER THEREON, 9th March 1875, No 663-A

ACCOUNT, No 19A

COMMUNICATED to the officers concerned.

2. The Government of India will be informed that the order of the Madras Government, forwarded with docket No 1,273-C, dated 11th May 1874, must have apprised the Government of India that the provincial allotments for lighthouses, 30,000 Rupees, had already been diverted to other heads of service, and are not now available for re-appropriation.
