No 263 E Read again G. O., in the Military Department, No 2,548, dated 7th August 1874 —

Read also the following letter from T. MOSS, Esq., Controller of Public Works Accounts, to Colonel G. W. WALKER, R. E., Secretary to Government, Public Works Department, dated Fort St. George, 18th February 1875, No 10,077.

THE District Engineer of Chingleput by the orders marginally quoted is required to have his office at the Mount, G. O., No 3,377-A, dated 1st December 1874 and is permitted to reside at Sydapett. Do „ 3,618, „ 28th „ „ With reference to these orders I am of opinion that the District Engineer's head-quarters should, for the purpose of checking and auditing his travelling allowance bills, be considered as at the Mount, but that until his office can actually be accommodated there, Guindy should be regarded the head-quarters, the office being now there. I have the honor to request the favor of being informed whether the above view is correct, and, if not, that the necessary instructions may be given for my guidance.

2 I take the opportunity to mention that the Officer in charge of the Mount Range has not up to the present time been able to move his Office into the Begum's bungalow, mentioned in G. O., No 3,377-A, dated 1st December 1874, it being in use by the Military, while No 1 Barrack store is in a state of ruin, and that, under the circumstances and in anticipation of the approval of Government, I continue to pass to him the office rent of Rupees 30
