		1875	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
13th March 1875.*

No 340. Read the following letter from W. A GOODCHAP, Esq, District Engineer, Kurnool, to Colonel G. W WALKER, R. E, Chief Engineer, Public Works Department, dated Camp Koulguntla, 29th January 1875,
No 8 —

I HAVE the honor to forward, herewith, a disallowance statement of the claims for travelling batta for disposal.

2 I need not say again that the employment of 'dawk' is expensive as explained in my letter, No 96, dated the 26th September 1874, recorded in G. O., No 2,977, dated the 19th October 1874

3 The journeys for which the claim is made exceed twenty miles a day.

No. 341. ORDER THEREON, 13th March 1875, No. 712.

ESTABLISHMENT, No. 22

His Excellency the Governor in Council is of opinion that these charges may be accepted as actual expenses incurred under Rule 11 for extraordinary journeys made by a "particular conveyance other than a railway", to wit, a cart. They are less than the District Engineer would have been warranted in incurring had it been convenient to order the men to travel dawk. But he will arrange as much as possible in future that his clerks shall travel by ordinary marches. The work of the department is best carried on under such circumstances when the distance travelled for purposes of inspection is not such as to incapacitate either officers or their establishment for the office work of the day.
