With reference to yours N^o:-1751 dated
11th inst. I have the honor to inform you
that in the accompanying statement the book
values shewn for each description of tools is struck
from the average rate. for each kind of tools as
the account of tools kept does not shew the exact
size and weight of the Tools such as Ironstone
Crowbars &c. and it is impossible now to tell what
their original weights may have been—They
are so much worn out.
