*Proceedings of the Madras Government, Public Works Department,
13th March 1875.*

Read the following papers:—

No. 352. From Colonel A. S. MOBERLY, R E., District Engineer, Cuddapah, to Colonel G. W. WALKER, R E., Secretary to Government, Public Works Department, dated Camp Poyalacoonta, 25th January 1875, No. 2,057.

In forwarding the accompanying copy of a letter from the Superintendent of the Jail at Cuddapah with its enclosure, I have the honor to inform that I have called for an estimate, but at the same time consider it my duty to let you know that not only the jail hospital but almost the whole of the jail is not in good order.

2 I do not think that the hospital is in such a dangerous state as Dr. Smith makes out, and am of opinion that it might be used until the rains come on.

3. For some years past the state of the Cuddapah Jail has been reported to Government, and about eight years ago a site for a new jail was selected by Colonel Wilson, the then Inspector-General of Jails, but nothing has come of it. Year after year money is spent in patching up buildings which ought to be pulled down.

4. The hospital ought to have new pillars or posts and a new roof, but as there are no signs of a new jail being commenced, we must take steps to merely patch up.

No. 353. From the same Officer, dated Cuddapah, 22nd February 1875, No. 2,231.

In reference to your memorandum, No. 188, of the 17th instant, I have the honor to forward the abstract estimate and specification for repairing] the Cuddapah District Jail as therein called for.

No. 354. ORDER THEREON, 13th March 1875, No. 718.

CIVIL WORKS, No. 15

TRANSFERRED to the Judicial Department.

2. It is remarked that an estimate of Rupees 2,380 for repairs of this jail was sanctioned in Public Works G. O., No. 789 of 21st March, which included certain items for repairs to the hospital. That Rupees 1,500 has been expended out of that sanction up to December 1874; and that an estimate of Rupees 620 for improving the drains was sanctioned in Financial Order, No 251 A of 5th February 1875.

3. The dangerous state of the hospital now reported does not seem to have struck either the Inspector-General of Jails or District Engineer.
