6 Feb 1885
Specification for the proposed improvements
to the Coorombana Talug Cutcherry at Buddagara

Amount of Estimated Papers 340-1-1

The front and cross walls of room No. 1
and 2 in the plan is to be removed with their
ceiling and increase space in room No. 6 of
which the lower 2 galleries are to be raised
to the level of the 1st floor.

The raising will be done with earth,
well watered and beaten in and will be
finished off with a top layer of Concrete 3"
thick composed of 1 part of sand, 1 Chumam
and 2 parts of gravel mixed together and
put over the earth wet and well beaten &
when the surface is well dried the floor is
to have 2 coats of Chumam mixed after the
ordinary manner.

The existing door in the back wall of
No. 2 room is to be removed to the South wall

The walls of the 1 room as marked in yellow is to be cut out and put 3 new windows in their places for the purpose of increasing light in room No 6

Mr 1513
1/78

After the completion of the work
the ground is to be left clear of all rubbish
