Proceedings of the Madras Government, Public Works Department,
18th March 1875.

No. 448. Read the following letter from W S HARINGTON, Esq, District Engineer, Malabar, to Colonel G. W WALKER, R E, Secretary to Government, Public Works Department, dated Calicut, 6th March 1875, No. 225 —

I HAVE the honor to forward a plan and estimate for improving the Coorumbraaad Taluq Cutcherry, the alterations seem necessary, as the work in the taluq has increased to a great extent since the amalgamation of the Buddagara with the Coorumbraaad Taluq.

2. If the plan and estimate meet with your approval the amount can be allotted from "Minor New Works, Civil Buildings, Provincial" for 1875-76.

No. 449. ORDER THEREON, 18th March 1875, No. 754.

CIVIL WORKS, No 19.

THE plan and estimate, amounting to Rupees 340, for certain improvements to the Coorumbraaad Taluq Cutcherry at

Buddagara, in the Malabar District, are sanctioned

6 Feb 1885 / Specification for the proposed improvements
to the Coorombana Talug Catchment at Buddagara

Amount of Estimate Rupees 340-11-1

The front and cross walls of room No. 1 and 2 in the plan is to be removed with their ceiling and increase space in room No. 6 of which the lower 2 galleries are to be raised to the level of the 1st floor.

The raising will be done with earth, well watered and beaten in and will be finished off with a top layer of Concrete 3" thick composed of 1 part of sand, 1 Chumam and 2 parts of gravel mixed together and put over the earth wet and well beaten & when the surface is well dried the floor is to have 2 coats of Chumam mixed after the ordinary manner.

The existing door in the back wall of No. 2 room is to be removed to the South wall.

of the Grand room No 4 and put the
present window in the same wall instead
of the door removed

The walls of no 1 room as marked in yellow is to be cut out and put 3 new windows in their places for the purpose of increasing light in room no 6

2 steps opposite the doors of room No 3 and 8 and one for the entrance door are to be built and plastered. The floor of room No 4 is also to be levelled and plastered.

In the space marked A in plan
a square pillar to be constructed newly after
dismantling the walls so as to support the
new truss as estimated for

After the completion of the work
the ground is to be left clear of all rubbish
