*Proceedings of the Madras Government, Public Works Department,
19th March 1875.*

No. 493 Read the following letter from Major J. BEATTY, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 2nd March 1875, No. 3,732 —

I HAVE the honor to inform you, with reference to G. O., No. 3,398-A, of 3rd December 1874, that the Executive Engineer No. 1 Range reports the arrival of the steamers *Frank and Ada* and *Shamrock* at Cocanada on 5th ultimo, and that Rupees 80 for the former vessel, and Rupees 70 for the latter, will be required for maintenance in the present official year. For next year a maintenance grant of 500 Rupees for the *Frank and Ada*, and 450 Rupees for the *Shamrock*, will be needed

2. The Master Attendant of Cocanada has retained the use of the *Frank and Ada* until such time as the Master Attendant of Madras has made his inspection of the port. She will then be employed on the dredging operations during the period that the *Fred and May* is under repairs.

3 The *Shamrock* may be used as a tug in the river at Dowlaishweram, but she is at present dismantled, and if her services are required at any other port she might be sent there as she is. If it be decided, as seems possible from paragraph 3 of G. O., No. 263-AA, of 1st February 1875, that separate dredges and punts are not to be provided for the Coninga river, then one of these three steamers *Frank and Ada*, *Fred and May*, and *Shamrock* will not be required here, and the *Shamrock*, now dismantled and ready for despatch is the one we could best part with.

No 494 ORDER THEREON, 19th March 1875, No. 777.

ACCOUNT, No. 35.

RECORDED, pending report by the Master Attendant of Madras on the reference made to him in G. O., No. 263-AA, of 1st February 1875.
