THE information required by the Government of India cannot be supplied from the records in the Board's Office; but at the requisition of the Controller of Public Works Accounts, the Board have already called for it from the districts for the works noted in the margin. Statements containing the information for the works marked with an obelisk in the margin, having been received from Collectors, have been forwarded to the Controller, and copies thereof are herewith submitted with the instructions issued for preparing them. From the statements received, it will be observed that it has been found impracticable in each case to give the information for the 5 or 8 years required, as the [illegible] could not be ascertained [illegible] trial under the [illegible] established [illegible]

(Signed) C. O. MASTER,
Actg. Secretary to Government.

No 180. ORDER THEREON, 6th March 1875, No. 630.

IRRIGATION, No. 10.
Account.

HIS EXCELLENCY the Governor in Council considers that it will be desirable to employ a special Revenue Officer to collect the information required for entry in the Revenue Accounts of Irrigation works. Probably an officer of the grade of Deputy Collector would suffice. The selection will be made in the Revenue Department. The special Revenue Officer will arrange either to work in the same district as the Deputy Controller, or to take up such investigations as may be more immediately required.

2. The Controller of Public Works Accounts will submit quarterly a statement showing for each work for which Capital and Revenue Accounts are to be kept, the information obtained from the District Revenue Officers and transmitted to him by the Board, as well as that wanted to complete the returns up to the close of the preceding fasli.

3. A similar statement showing the progress made in the preparation of statements of outlay upon the several works will be submitted by the Controller at the same time.

4. Ordered, also, that a copy of these Proceedings be forwarded to the Government of India for information.
