ORDER THEREON, 31st March 1875, No. 853 D.

IRRIGATION, No. 49A.

Account.

It is observed that the statements of savings and demands, submitted by the several Superintending and District Engineers, show that under

2. Extraordinary

the savings amount to ... Rs. 35,893
and the demands to ... 40,255
the latter sum includes the 20,000 Rupees for the Pennair project, regarding which a special reference has been made to the Government of India, and the additional amount, Rupees 14,059, required for the Palnadu project. Subject to the sanction of that Government the surrenders and demands shown in the abstract statement are approved as, omitting the Pennair project, the latter are considerably less than the former, and in any case the total expenditure will be considerably within the original Budget grant, Rupees 5,95,000, for the year.

3. Ordinary.

The savings or surrenders amount to ... Rs. 15,730
The demands do. ... 44,503
Of the surrenders the sum of Rupees 13,730 from the Madras Water Works Project has been fully disposed of in G. O., No 768B, dated 18th March 1875, by the following allotments:—

Bellary District.—Restoration of Goolloor tank ... Rs. 11,300

Chingleput.—Chembrumbankum tank ... 2,430

all that remains to be disposed of is Rupees 1,000 surrendered from the Godavery from the grant for concrete experiments, as the surrender of Rupees 1,000 in Tinnorelly is coupled with a request for the transfer of the amount to another head sluice, which is approved. Against the 1,000 Rupees available the following demands must be complied with for the reasons given:—

Kistna.—Restoring Peddikuncherla tank ... Rs. 3,500

Funds were promised in G. O., No 2,100, of the 18th August 1874, the expenditure has been incurred, and the work could not be postponed.

Bellary.—Restoration of Goolloor tank ... 4,030

Being the balance still required.

Total ... Rs. 249

or an excess of Rupees 7,240, which will be covered by savings under Tools and Plant, Ordinary, and the balance under the head will be set off as a set off in the Godavery on the rate of 12 paise per acre. The rest of the expenditure which may have already been incurred in excess of the grant authorized must either be covered by savings under Tools and Plant, Ordinary, or must appear as an advance.

4. The unallotted balance under the head is shown to be 19,330 Rupees.

Proceedings of the Madras Government, Public Works Department,
31st March 1875

Tools and Plant—Repairs.

5. The statement shows an excess of Rupees 2,870 granted, and a further demand for Rupees 15,000 for the Godavery. Work against the latter sum, for which a supplemental grant has been applied for to the Government of India, will have occasioned a further excess, and this will in part be met from the balance under Tools and Plant, Capital
