*Proceedings of the Madras Government, Public Works Department,
12th April 1875.*

No. 225. Read the following endorsement of the Chief Engineer for Irrigation, dated Camp at Ennore, 19th March 1875, No. 307 :—

From Major J. O. HASTED, R.E., Superintending Engineer, 1st Division, Kistna, to Lieutenant-Colonel J. MULLINS R.E., Chief Engineer for Irrigation, dated Masulipatam, 13th March 1875, No. 158.

REFERRING to your memorandum No. 197, dated 17th ultimo, I have the honor to inform you that as the estimate for repairing the makeshift sluices in Divi amounted only to Rupees 690, considerably less than I anticipated from the reports first sent to me, I sanctioned the work being proceeded with, and it has been now carried out. I shall endeavour to induce the villagers to make use of these sluices next irrigation season.

SUBMITTED for the information of Government, with reference to G. O., 10th March 1875, No. 684.

• September 1874.

2. The temporary head sluices would seem to have withstood the high flood better than had been anticipated.

(Signed) JOHN MULLINS, Lieut.-Colonel, R.E.,
Chief Engineer for Irrigation.
