*Proceedings of the Madras Government, Public Works Department,
13th April 1875.*

No. 282. Read the following endorsement of the Superintending Engineer, Chingleput, dated Camp at Paparambaukum, 25th February 1875, No. 3,960-D :—

From Captain A. C. SMITH, R.E., Executive Engineer, No. 2 or Mount Range, to Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, dated 19th January 1875, No. 2,992.

With reference to G. O., No. 2,016, of 27th July last, I have the honor to report as follows on the conduct of Head Accountant Mooneappah Moodelly during the last six months.

1. There is a decided improvement in his method of work, but he still suffers somewhat from his old faults, viz. :—

1st.—Want of moral courage to exert his authority and to bring backslidings of subordinates to notice.

2nd.—Temporarily mislaying papers which are sometimes of an important and urgent nature.

2. On the whole however he has improved.

3. I may here mention that I have not the time to check the office work and accounts satisfactorily, and an immense amount is necessarily left to the Head Accountant. I often feel after a hard day's work that I have not done enough, and that things might go wrong in office without my having the power, from sheer want of time, to check them.

4. Therefore I think the Head Accountant in such an office should be exceptionally good at his work, good at keeping others up to the mark, and entirely trustworthy.

5. I also have to report that the Head Accountant, though willing (and also working) to satisfy me and obtain general credit, is desirous of being transferred to some other range in the district, as he says the work in this office is very harassing. I agree entirely in this, and am perfectly willing that he should go rather than remain in an office the duties of which he feels to be too heavy for him, but at the same time I may have difficulty in obtaining a man even so good or trustworthy as he. I know the work in the office is one continued drive from month to month.

SUBMITTED to the Secretary to Government, Department Public Works, with reference to G. O., No. 2,016, dated 27th July 1874.

Sir,

With reference to G.O. No 2016 of 27th July last, I have the honor to report as follows on the conduct of Head Accountant Moonigappa Mondal during the last 6 months.

1. There is a decided improvement in his method of work but he still suffers somewhat from his old faults viz:

1st Want of moral courage to exert his authority and to bring back slidings of subordinates & officers.

2nd Temporarily mislaying papers which are sometimes of an important and urgent nature.

3. On the whole however he has improved.

4. I may here mention that I have not the time to check the office work and accounts satisfactorily and an immense amount is necessarily left to the Head Accountant.

I often feel after a hard days work that I have not done enough and that things might go wrong in office without my having the power from sheer want of time to check them.

4. Therefore I think the Head Accountant in such an office should be exceptionally good at his work, good at keeping others up to the mark and entirely trust worthy.

5. I also have to report that the Head Accountant though willing (and also working) to satisfy me and obtain general credit is desirous of being transferred to some other Range in the District as he says the work in this office is very harassing. I agree entirely in this and am perfectly willing that he should go rather than remain in an office the duties of which he feels to be too heavy for him but at the same time I may have difficulty in obtaining a man even so good or trust worthy as he. I know the work in the office is one continued drudgery from month to month.
