*Proceedings of the Madras Government, Public Works Department,
27th April 1876.*

No. 381. Read the following letter from T. D. HARRIS, Esq., Officiating District Engineer, Malabar, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Calicut, 11th April 1876, No. 14:—

I HAVE the honor to forward, for sanction of Government, an indent, in triplicate, for six revolvers and ammunition.

2. The arms are required for use of Overseers and Sub-overseers in the Palghaut range, where lately a Sub-overseer was robbed of his clothes, &c., by Mulçers. The matter is under investigation by the Police, on the receipt of whose report I shall address Government on the subject, as the Sub-overseer claims compensation for the loss he has sustained while travelling for the performance of his duties.

3. The Superintendent of Police suggests the necessity of the officers and subordinates of the Department of Public Works going about armed to prevent any attempts of the kind referred to being made in future, and, in this opinion, I fully concur, as certain roads in the Palghaut range are infested with robbers.

No. 382. ORDER THEREON, 27th April 1876, No. 1,049.

ACCOUNT, No. 22.

APPROVED, and transferred to the
Military Department.

(True Extract.)

(Signed) G. W. WALKER, Major-General, R.E.,
Secretary to Government.

To the Military Department, with indent.
