Public Works DEPARTMENT

G.O. No. - 1053	(2)	Press
B.P. No.		Mis.
Dated 27-4-	1876	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
27th April 1876.*

Read the following papers:—

No. 389. From Lieutenant-Colonel R. H. SANKEY, R.E., Chief Engineer, Public Works Department, Mysore, to Major-General G. W. WALKER, R.E., Chief Engineer, Public Works Department, Madras, dated Mysore, 21st February 1876, No. 610.

In forwarding copy of Nundydroog Division Executive Engineer's No. 114/620, of the 19th instant, with memorandum of long-jointed jumper not required by this department, has the honor to inquire if the Chief Engineer is disposed to recommend the purchase thereof by the Madras Government.

From Captain A. T. FRASER, R.E., Executive Engineer, Nundydroog Division, to the Assistant Chief Engineer of Mysore, dated Bangalore, 19th February 1876, No. 114/620.

I HAVE the honor to enclose a list of 148 sets of jointed-jumpers, 12 to 24 feet long and 3 inches to 4 inches bits, got out from England in July 1871 for the Maury tank.

2. The whole of the above stand at a total value of Rupees 5,127 in the store books of this division.

3. These have been in store since and are in excellent condition.

4. They are never likely to be required, and, as far as I know, cannot be used with economy in the class of rock met with in this province.

5. I would suggest application being made to the Madras Government to take them over for issue to their irrigation districts in which soft gneis is usually bored by this special class of jumpers, or for other work to which they may be adapted.

BANGALORE,
19th February 1876.

(Signed) A. T. FRASER, Captain, R.E.,
Executive Engineer, Nundidroog Division.

No. 261.

COMMUNICATED to the District Engineers, Dowlaishweram and Kistna, for early report, as to whether any of these jumpers, and, if so, how many sets are required, and to be returned by the latter officer.

29th February 1876.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.

Proceedings of the Madras Government, Public Works Department,
27th April 1876.

No. 389-A. Endorsement of the Chief Engineer for Irrigation, dated Fort St. George, 20th April 1876, No. 38 W.

From Major J. O. HASTED, R.E., Superintending Engineer, Kistna, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Camp at Hanumanulapallam, 25th March 1876, No. 144.

In returning the correspondence relating to jointed-jumpers, communicated with
1 Mysore Chief Engineer's No. 610, of 21st February 1876. your No. 261, dated 29th ultimo, I have
2 Enclosures of do. do. the honor to inform you that I should
1 Chief Engineer's No. 261, of 29th ultimo. like to have some of the jumpers, as I
and prove handier than those we have at present. I have, however, never seen jointed-jumpers in use.

2. I would propose, with your approval, to apply for two sets of each of the sizes mentioned.

No. 389-B. From Major J. BEATTY, R.E., District Engineer, Godavery, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Dowlaishweram, 27th March 1876, No. 3,793.

With reference to your endorsement, No. 261, of the 29th February 1876, on the copy of letter from the Chief Engineer, Mysore, relative to a certain available quantity of jointed-jumpers, I have the honor to inform you that none are required for use in this district.

SUBMITTED to Government with a recommendation that three sets of each of the sizes of jumpers mentioned may be purchased.

(Signed) A. DEC. SCOTT, Major, R.E.,
Deputy Chief Engineer for Irrigation,
for Chief Engineer for Irrigation.

No. 390. ORDER THEREON, 27th April 1876, No. 1,053.

IRRIGATION, No. 30.
Account.

THE Government approve of the recommendation of the Chief Engineer for Irrigation.

2. The District Engineer, Presidency, will accordingly indent for three sets of each size of the jumpers for the Public Works Stores.
