B.P. No.		Mis.
Dated	29-4-	1876

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
29th April 1876.*

No. 440. Read the following endorsement of the Chief Secretary to Government, Marine Department, dated Fort St. George, 21st February 1876, No. 220 :—
From Colonel J. A. M. MACDONALD, Secretary to the Government of Bombay, Marine Department, to the Hon. W. HUDLESTON, Chief Secretary to the Government of Madras, Marine Department, dated Bombay Castle, 15th February 1876, No. 195.

In transmitting the accompanying list of lignum vitæ sheaves, brass bushed, which are not required in this Presidency, together with extract paragraphs 7 to 10 of a despatch from the Right Honorable the Secretary of State, No. 2, dated 13th ultimo, I am directed to request the favor of information whether the sheaves are required by any Government establishments or private firms in the Madras Presidency.

REFERRED to the Master Attendant for report, also to the Public Works Department for inquiry, whether the sheaves mentioned are required in that department.
(Signed) W. HUDLESTON,
Chief Secretary.

No. 441. From the District Engineer, Presidency, dated 10th April 1876, No. 147.

No. 441-A. From the Superintendent, Harbour Works, dated 25th April 1876, No. 5W.

No. 442. ORDER THEREON, 29th April 1876, No. 1,077.

ACCOUNT, No. 28.

ORDERED that the Government of Bombay be informed that the sheaves are not required.

(Here enter, No. 1,078, dated 29th April 1876.)

(True Extract.)

(Signed) G. W. WALKER, Major-General, R.E.,
Secretary to Government.

Marine Department.
No. 195

Bombay Castle,
15th February 1876.

Letter from the Secretary of State for India, Military, No. 2, dated 13th January 1876.
Para. 7. With reference to your Marine letter No. 40, of the 29th July 1875, para. 3, I have now to inform you that the Admiralty have stated that they do not require the Lignum Vitæ Sheaves—Europe—brass bushed, which are in store in the Government Dockyard at your presidency.

Para. 8. As regards sending them to this country for sale, it has been ascertained upon inquiry, that metal sheaves are considered preferable to those of lignum vitæ which are not now much used; besides those at Bombay are, for the most part, suitable only for blocks, too large for mercantile purposes.

Para. 9. Inquiries have also been made of the principal block makers here, who state that it is impossible to form any opinion of the amount which would be realized by the sale here of the sheaves in question. The cost of their freight to this country would be, probably, from £ 15 to £ 20.

Para. 10. Considering, therefore, the improbability that any approach to their actual value would be realized by their sale here, either by public auction or by private tender, it is a question for your Government to decide whether or not they could be utilized to greater advantage in the Bombay and Kidderpore Dockyards, or by private firms at those places, or in the Bengal and Madras Arsenals.
