Dated 29-4- 1876.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
29th April 1876.

Read the following papers :—

No. 444. Endorsement of the Consulting Engineer for Railways, dated 13th April 1876, No. 188.

From W. ELDER, Esq., Acting Consulting Physician, Madras Railway, to R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, dated Royapooram, 12th April 1876, No. 135.

With reference to letter, No. 375 of 10th instant, from the Consulting Engineer for Railways, relative to cholera at the Huggry bridge, I have the honor to state that the apparent discrepancy alluded to is due to the circumstance that two of the cases suffered simply from diarrhœa which did not develop, as was thought they would, into cholera.

2. There have only been *two* cases of cholera, and these, as you will have observed by last report from the Apothecary, are doing well

No. 3

To the Consulting Engineer for Railways for information, with reference to the remarks contained in his letter of the 18th instant, No. 375.

(Signed) R. B. ELWIN,
Agent and Manager.

From R. RAGAVOOLOO NAIDOO, Apothecary, Madras Railway, to W. ELDER, Esq., Acting Consulting Physician, Madras Railway Company, dated Huggry Bridge, 8th April 1876, No. 53.

The two cases of cholera, reported by me on the 6th instant, are doing well. One case of choleraic diarrhœa yesterday evening, after my report to you, and one this morning, have occurred, attacking time-keeper, Mr. Newman Pitt, and my daughter, Carnamball, respectively. They have had bilious vomiting and purging more than a dozen times, no cramps, suppression of urine or severe collapse. These two are doing pretty well. Buildings are being whitewashed, and the place is kept clean.

To the Agent and Manager for information.

(Signed) W. ELDER,
Acting Consulting Physician.

No. 444-A. Endorsement of the Consulting Engineer for Railways, dated Madras, 19th April 1876, No. 192.

From R. RAGAVOOLOO NAIDOO, Apothecary, Madras Railway, to W. ELDER, Esq., Acting Consulting Physician, Madras Railway Company, dated Huggry Bridge, 11th April 1876, No. 55.

I BEG your pardon for not having sent a report yesterday. It was from as under. Four cases of cholera occurred yesterday, and three, one cooly, a signaller, telegraph, and a child have died. Mrs. Smith, the Sub-Inspector's wife, is taken ill just now, and I hope she will not succumb to the disease. The rest of the cases previously reported are doing well. The place is kept clean, and being whitewashed.

No. 394.

To the Consulting Engineer for Railways for information. Orders have been issued by the Acting Chief Engineer to suspend work at the Huggry during the Easter Holidays.

Submitted for the information of Government in continuation of this office endorsement, No. 188, dated 13th April 1876.

(Signed) W. H. COAKER, Captain, R.E.,
for *Consulting Engineer for Railways.*

No. 444-B. Endorsement of the Consulting Engineer for Railways, dated Madras, 20th April 1876, No. 193.

From W. ELDER, Esq., Acting Consulting Physician, Madras Railway, to R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, dated Royapooram, 19th April 1876, No. 141.

Having returned this morning from the Huggry bridge, I now beg respectfully to report for your information that I found Apothecary Ragavooloo, assisted by the relieving Apothecary, giving the sick due attention, and, with the hearty co-operation of the Engineer in charge of the division, using every means in his power to prevent the spread of cholera among the employés. The encampment is kept very clean and tidy, and filters have been supplied for filtering the drinking water. All the huts are well whitewashed, and those in which the sick have died have been burned down. The evacuations from the affected patients are disinfected and buried at some distance from the houses, and all soiled clothes are burned.

2. The Apothecary could give no explanation as to the origin of the epidemic, beyond the circumstance that the disease is prevalent in the surrounding villages.

3. There have been in all, up to yesterday, twenty cases at the Huggry bridge, which I arrange as follows:—

Employés ... ... 11 cases and 4 deaths.

Relatives of Employés.

Men ... ... 2 cases and 1 death.
Women ... ... 1 case and 1 death.
Children ... ... 6 cases and 5 deaths.

4. There are nine cases at present on the sick list, and all were doing well yesterday, and I entertain good hopes of their recovery. The majority of those who have died were too long in reporting themselves to the Apothecary, or refused to take any medicine when prescribed.

5. I learned also that some of the employés who are convalescent were unable to get proper nourishment; and I directed the Apothecary to procure the necessaries for them from Bellary. This will now be done, as Mr. Wilkinson has kindly advanced Rupees 20 to Ragavooloo to meet any expenditure in the way of food, stimulants, &c.

6. I met Mr. Wilkinson yesterday and strongly recommended that none of the workmen be allowed to return to the Huggry until the disease has been entirely removed. If you approve of this will you kindly direct the Chief Engineer to issue orders accordingly. I will send you as heretofore a daily report of the health at the Huggry.

No. 412.

To the Consulting Engineer for Railways for information. The works at the Huggry have been suspended, and the undersigned has this morning arranged with the

Proceedings of the Madras Government, Public Works Department,
29th *April* 1876.

Acting Chief Engineer that in the event of the continuance of the epidemic the skilled labor shall be removed to the Cheyaur.

MADRAS,
19th *April* 1876.

(Signed) R. B. ELWIN,
Agent and Manager.

SUBMITTED for the information of Government in continuation of this office endorsement, No. 192, dated 19th April 1876.

(Signed) J. H. M. SHAW-STEWART, Lt.-Col., R.E.,
