*Proceedings of the Madras Government, Public Works Department,
1st May 1876.*

No. 1. Read the following letter from T. D. HARRIS, Esq., Officiating District Engineer, Malabar, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Calicut, 19th April 1876, No. 17:—

I HAVE the honor to bring to your notice that the officer in charge of the Kooroombranaad Range requests permission to allow fixed Wynaad allowance to two of his lascars who accompany him to Wynaad on duty, out of three lascars allowed to the range he takes two of them with him, and he states that considering the great chance of fever the lascars run through constantly going up and down the ghauts, he considers the 50 per cent. should be allowed to these men.

2. The lascars of the late North Wynaad Range resigned immediately on hearing of the reduction in pay to which they would be subjected, and to substitute these men the Range Officer had to engage men on the coast, who were only persuaded to go up to Wynaad on the understanding that he would pay the additional fixed allowance for the month they were engaged, and more than that of course the Range Officer could not do.

3. When a lascar once gets fever he naturally becomes incapable to perform his duties, and if a substitute is entertained he suffers loss by having to pay his substitute, as this mode of getting lascars puts the Range Officer to the greatest inconvenience, I strongly recommend the Range Officer's suggestion in allowing fixed Wynaad allowance to two lascars of his office, and to that of the South and South-east Wynaad Ranges, may be granted.

No. 2. ORDER THEREON, 1st May 1876, No. 1,082.

ESTABLISHMENT, No. 1.

THE proposal that any members of range or district establishments shall draw Wynaad allowances while out of Wynaad cannot be entertained.

I think this order refers
 for if we give Wynad
 allowance all the year
 round to basars we
 shall have to give to
 every one who goes
 into the Wynad
