*Proceedings of the Madras Government, Public Works Department,
8th May 1876.*

No. 97. Read the following letter from K. F. NORDMANN, Esq., Officiating District Engineer, Vizianagaram, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Vizianagaram, 12th April 1876, No. 101 :-

With reference to the latter part of G.O., No. 493, dated 23rd February 1876, asking me to explain why the instructions of Copy of Letter No. 2, dated 15th April 1875, given in G.O., No. 2994, of 12th December 1875, of Memo. No. 83, of 15th April 1875, for 1873, regarding the Kondakur Ava, have been so imperfectly attended to, and why the proposed order of the investigations connected with the Ava has not been informed to, I called upon Mr. Brickwell for an explanation, and I have the honor to forward herewith a copy of his letter on the subject, reporting that he has furnished the Collector with all the information the Collector required to enable him to determine the rights of Government in connection with the Kondakur Ava.

2. At the same time it seems to me, from previous correspondence, that Mr. Brickwell did not fully carry out my predecessor's instructions, contained in this Office Memorandum, No. 83, dated 16th April 1875, of which I annex a copy.

3. All that has been received from Mr. Brickwell, in the shape of surveys and levels of the Ava and adjacent country (besides the project for the improvement of the Kristannaz channel), is the plan of the Ava forwarded to you with this office letter No. 1,051, dated 6th January 1876, and the sketch map, with levels marked thereon, of land to be brought under irrigation, submitted with the same letter.

4. However, as already reported in my letter No. 1,982, dated 11th March 1876, the Collector has stated, under date the 7th March 1876, that he requires no further information at present, regarding the Ava, from this department.

From F. BRICKWELL, Esq., Esq., Assistant Engineer in charge of the Golconda Range, to K. F. NORDMANN, Esq., Officiating District Engineer, Vizianagaram, dated Waltair, 5th April 1876, No. 2.

With reference to your orderment, No. 2452, dated 28th March 1876, to G.O., No. 493, dated 23rd February 1876, I have the honor to state that the plan of the Kondakur Ava referred to was prepared in accordance with your Office orderment, No. 14, dated Waltair, 5th of April 1875, to G.O., No. 328, dated 1st March 1875, the Office No. 16, dated 11th April 1875, and your Office No. 83, dated Waltair, 16th April 1875, in order to enable the Collector to determine the rights of Government and the proprietors in the Ava bed, and was not intended primarily to be a portion of the project series. For this purpose, and to make the plan as clear and definite as possible to non-professional men, the numerous levels and contours required by the Chief Engineer were omitted.

2. The plan seems to have answered its purpose thoroughly, as the point in dispute has now been decided; moreover, I had gathered in conversation with the Collector that this was the sort of plan he required.

No. 82.

MEMORANDUM

With reference to his letter, No. 16, of 11th April 1875, the Assistant Engineer of No. 1 Range is informed that the particular information asked for by the Collector regarding the Ava Project is as follows:

Proceedings of the Madras Government, Public Works Department,
8th May 1876.

Plans of surveys and levels of the Ava, together with a map showing accurately how much land should be included in the water-spread of the improved Ava.

Warrant, (Signed) J. W. HINDLE Major, R.E.,
15th April 1876. (Trs Copy) (Signed) K. P. NORDMANN,
Offg District Engineer, Bangalore.

No 15. ORDER THIRTEEN, 8th May 1876, No. 1,130.

IRRIGATION, No. 11.

RECORDED. The District Engineer will take care that a plan of the Ava is recorded in his office with the numerous levels and contours duly shown thereupon which it appears were omitted from the plan prepared for the Collector's use, whatever may be the extent of information required for present purposes by the Revenue Officers, the details laid down in paragraph 16 of the memorandum communicated with G.O. No. 2,994, of the 12th December 1875, as requisite, should be shown on the plan of the Ava, which is to be available for the use of the Irrigation Department.

The District Engineer, Bangalore.

With reference to your endorsement
N^o 152 dated 28 March 1876, of J. O. No. 195
dated 28th February 1876, I have the honor to state
that the Plan of the Konda kila Ava referred
to was prepared in accordance with your Office
Endorsement N^o 111 dated Kallian 6 April 1875
of J. O. No. 328 dated 1st March 1875, this Office
N^o 16 dated 11 April 1875 and your Office N^o 83
dated Kallian, April 16, 1875, in order to enable
the Collector to determine the rights of Govern-
ment and the Proprietors in the Ava. It was
not intended primarily to be a portion of the
Project Lines. For this purpose, and to make
the Plan as clear and distinct as possible to
non professional men, the numerous levels
and contours required by the Chief Engineer
were omitted.

The Plan seems to have answered its
purpose thoroughly, as the point in dispute has
now been decided, moreover I had gathered

in conversation with the Collector Mr. [unclear] &
was the sort of plan he required.

O. N. 2373/76

101 District Engineer's Office, Bangalore
Bangalore 12th April 1876
From
The Acting District Engineer
Bangalore
To
The Chief Engineer for Irrigation
Bangalore
The following is a copy of a letter
G.O. No. 1493 dated 23rd February 1876, asking me
to explain why the instructions, given in G.O.
No. 2091 of 12th December 1873, regarding the
Kondakarla area, have been so imperfectly
attended to, and why the prescribed Order of the
investigations connected with the area has not
been conformed to; I called upon Mr. Brichwell
for an explanation, and I have the honor to
forward herewith a copy of his letter on the
subject, reporting that he has furnished the Collector
with all the information the Collector required,
to enable him to determine the rights of Government
in connection with the Kondakarla area.
At the same time it seems to me, from
previous correspondence, that Mr. Brichwell
did

did not fully carry out my predecessor's instructions,
contained in this Office Memo No 83 dated 16th
April 1875, of which I annex a copy.

3. All that has been received from the
Orickwell in the shape of surveys and levels
of the river and adjacent country. (Besides the
project for the improvement of the Muthumary
Channel) is the plan of the river forwarded to
you with this Office Letter No 1651 dated 6th
January 1876, and the sketch map, with levels
marked thereon, of land to be brought under
irrigation, submitted with the same letter.

4. However, as already reported in my
Letter No 1989 dated 11th March 1876, the Collector
has stated, under date the 7th March 1876, that
he requires no further information at present,
regarding the river, from this Department.
