Public Works DEPARTMENT

G.O. No.	1135	(3)	Press
B.P. No.			Mis.
Dated	8. 5.		1876.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
8th May 1876.*

No. 107. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Madura, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madura, 27th April 1876, No. 366 —

With reference to G.O., No. 1,977, under date the 12th July 1875, I have the honor to report that in communicating
1 Copy of the Madura Range Officer's letter, the above Government Order to the
No. 139, 16th April 1876
Executive Engineer, Madura Range, he was directed in this office endorsement, No. 1,600 of the 25th idem, to submit, with as little delay as possible, an estimate containing such provision as will rectify the defects in, and complete satisfactorily the construction of, the calingulah to Poothoomboo Keelacoommy.

2. It would appear from the accompanying copy of his letter, No. 139, dated the 16th instant, that he has inspected this work on the 31st August 1875, and obtained detailed measurements for it from the Taluk Overseer of Madura on the 19th September 1875. After he had repeated reminders from this office he has, on the 26th March 1876, submitted an estimate of Rupees 750 for constructing a new calingulah which was sanctioned by me for immediate execution. I have at the same time called upon him for an explanation of the great delay which he has allowed to occur in this connection, to which he has submitted in his letter above quoted.

3. The tank is only situated at a distance of a few miles from Madura. If so much time is lost in sending an estimate for a work which is so near his headquarters, how can I expect him to do the duties of a whole range in a satisfactory manner, and it is this neglect on the part of the Executive Engineer of which I have had to complain so much to you, that works close at hand are not even properly attended to.

4. As Sub-Engineer Mooncappah Pillay has been ordered to be pensioned, I trust the Government will be pleased to sanction my proceeding in ordering the work for immediate execution, and allow the same to be debited to the grant for Minor New Works of this year.

No. 108.

ORDER THEREON, 8th May 1876, No. 1,155.

IRRIGATION, No. 18.
Account.

The estimate is sanctioned, and the necessary outlay will be met from the Minor New Works grant at the disposal of the District Engineer.

2. The Government cannot but consider the explanation of the Executive Engineer of the Madura Range, accounting for the delay in furnishing an estimate for this work, as unsatisfactory. The terms of

Proceedings of the Madras Government, Public Works Department,
6th May 1876.

the Order of the 12th July 1875, No. 1,977, and that immediate steps were to be taken for its completion.

2. This section has been registered as litigation No. 271 of 1876-77.

No. 4804
1- List

I have the honor to acknowledge the
Memo No. 4804 dated 27th March 1876,
called for in your No. 118 dated 8th
April 1876.

2. I inspected the work in question
on the 31st August 1875, but did not
get the detailed measurements for it from
the Overseer till the 19th September 1875.
During nearly the whole of September
I was engaged in the Mysore Salook,
and during October and November in
preparing for the visit of His Royal
Highness the Prince of Wales, during which
time I had not much time to look after
the draughtsmen and afterwards my
wife's illness and the necessity for my

proceeding and have increased the amount.

3. During the months from September to February inclusive the Slaughterman was employed on the job as given in the accompanying list.

of the same

to all. District Engineer's Office
Madras - 27th April 1876

From
Genl. Secy to the Government
District Engineer of Madras -
Major General G. W. Jackson
Secretary to Government of Madras

With reference to G.O. No. 1777
dated 12th July 75, I have the
honour to report that in communicating
the above to the District Engineer,
Madras, he was directed in this
office to forward No. 1000 of the
18th June 1875, with as little
delay as possible, and to make
containing such provision as
will rectify the defect in, & con-
-plete & also facilitate the construction
of the C. P. M. S. R. L. & the
N. E. C. M. S. R. L.
2. I should also refer from
the accompanying copy of his letter
No. 139 dated 15th Dec. 75, that as
he has inspected the work on the 31st
Aug. 75, & obtained detailed measures

amount for it from the Chief Quarters
of Madras on the 19th September 1875.
After he had repeated demands from
this office he has on the 26th March 76
submitted an estimate of Rs. 750 for
constructing a new building which
has been sanctioned by me
for immediate execution. I have
at the same time called upon him
for an explanation of the great
delay which he has allowed to
occur in this connection to which
he has submitted his letter above
quoted. —

3. The tank is only situated
at a distance of a few miles from
Madras. If so much time is
lost in sending an estimate for
a work which is so near his head
Quarters, how can I expect him
to do the duties of a whole Range
on a satisfactory manner
and it is this neglect on the
part of the Executive Engineer
of which I have had to complain
so much to you that we have
at

at hand are not even properly
attended to.
4. The Executive Engineer has been
ordered to be present
at the Government
he, pleased to sanction any proceeding
in order to the work for immediate
execution and allow the same to be
debited to the grant for Minor Works
of this year.

I have the honor to be,
Sir,
Your most obedient servant
W. T. S. Srinivasulu
