G.O. No.	1144	(W) Press
B.P. No.		Mis.
Dated	8-5-	1876

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
8th May 1876.*

No. 123 Read the following letter from Major H. R. MEAD, R E, District Engineer, South Arcot, to Major-General G. W. WALKER, R E, Secretary to Government, Public Works Department, dated Camp at Villapuram, 29th April 1876, No 23 —

With reference to G O, No 68, of 7th April 1876, I have the honor to state that the work of removing silt from the Cuddalore backwater was stopped in 1875-76, at the request of the Vice-President, Cuddalore Municipality

2 Dr Robertson suggested in his letter, No 73 of 2nd July 1875, that the work should be postponed to a more favorable time, as a very offensive smell was given out during removal of the silt, and considering the then heat of the weather and prevalence of cholera.

3 Although cholera is not now raging here, the heat is somewhat worse; I have therefore asked the Vice-President whether the work in question can now be proceeded with

No. 124 ORDER THEREON, 8th May 1876, No. 1,144.

CIVIL WORKS, No 11

RECORDED pending further report,
which the District Engineer will submit
as soon as possible

Enclosures

Sir,

With reference to G. O. No. 68 of 9th April 1876, I have the honor to state that the work of removing silt from the Andalore Back water was stopped in 1875-76, at the request of the Vice President Andalore Municipality.

2. Doctor Robertson suggested in his letter No. 73 of 2nd July 1875 that the work should be postponed to a more favorable time, as a very offensive smell was given out during removal of the silt, and considering the then heat of the weather and prevalence of Cholera.

3. Although Cholera is not now raging here, the heat is somewhat worse, I have therefore asked the Vice President

whether

whether the work in question can now
be proceeded with.

I have the honor to be
Sir
your most obedient servant
M. M. M. M. M.
District Engineer
