*Proceedings of the Madras Government, Public Works Department,
8th May 1876.*

No 128 Read the following endorsement of the Officiating District Engineer, Presidency, dated 8th May 1876, No 561 —

From J. N GRAINGER, Esq, General Superintendent of Public Works Stores and Workshops, to Major P MONTGOMERIE, R E, Officiating District Engineer, Presidency, dated Chepauk, 5th May 1876

I HAVE the honor to return, for transmission to Government, the Packing Accounts of Remittance Stores for Harbour Works per S.S. *Tenedos* and S.S. *Sultan*, dated 12th and 15th February 1876, respectively

2 It will be observed from the remarks of the Superintendent of the Harbour Works that all the casks of cement received were more or less in bad order, the contents running out, and that he estimates the wastage at 8 per cent

3 I inspected the casks on being landed and found them in the condition stated, the seams slightly opened and the contents running out at every movement I consider the casks too light for the dead weight put in each, viz, 420 lbs

4 The invoices for these two consignments have not yet been received, and the loss computed at the store rates for Portland cement supplied from England amounts to Rupees 1,307. This is a heavy loss, and when it is remembered that two

	TONS	consignments (257 tons) form but a small
"Tenedos"	168½	portion of the indent for 7,000 tons, I
"Sultan"	88½	would respectfully suggest that the Govern-
	257	ment may be moved to request the Home
		Government to take measures for prevent-
		ing further loss.

5 The value of the deficiencies noted will be recovered in due course

SUBMITTED to the Chief Engineer and Secretary to Government, Public Works Department, whose special attention is requested to paragraph 4 of the General Superintendent's letter.

The Under Secretary
of State for India.

Sir,

I am directed to
retransmit, for submission
to the Most Honble the Secre-
tary of State for India, the
Original Packing Accounts of
Port Stores shipped per S.S. Tenedos
and S.S. Sultan
for the Madras Harbour
Works, together with a copy
of the Proceedings of the
Madras Government, under
date the 8th May 1876, No. 1146 B,
and to request that measures
may be taken to prevent
loss such as that detailed
in the letter from the General
Superintendent of Public Works
Stores recorded with the order
in question.

for original draft
letter - which should
be cancelled - R.F.

The letter as worded^{is}
somewhat abrupt. It may be
altered as follows - "and
to request that measures
may be taken to prevent
loss such as that detailed
in the letter from the
Genl Supt of Public
Works Stores recorded
with the order in question."

It is unlikely that
the letter will reach
home in time for action
on the present instant.
so that a delay of a
few days now will be
of much consequence.

Very well - (cancel)
