*Proceedings of the Madras Government, Public Department,
21st April 1876.*

Manual of Surveying for India.

No. 50. Read the following letter from Colonel H E L THUILLIER, R A., to Captain P. J. HANKIN, Private Secretary to His Grace the Governor, dated Calcutta, 9th February 1876 —

I shall feel much obliged by your laying the enclosed Prospectus of a work I have lately published, for the particular use of the Survey Department, under the authority of the Government of India, before His Grace the Governor of Madras, with my respectful request that, if the nature and scope of the work may be deemed of practical value for the purposes of the Revenue Survey and Settlement Department, the Public Works, the Forest Department or Education and the like in the Madras Presidency, it may receive the patronage of His Grace's Government.

2. The publication is a revised and extended edition of the work which was brought out many years ago, and I have reason to believe it has been very instrumental in improving the style of all surveys and settlement measurements made under the Civil Departments, and in inculcating strict professional principles and accuracy of procedure into the public service.

3. The Government of India have been good enough to subscribe for 100 copies to be distributed to this Department, and I shall be glad if the Madras Government may be pleased to sanction such number of copies being subscribed for as may be deemed necessary.

4. If you can put this application in the right course for obtaining an opinion from the several Departments concerned with the Governor's permission I shall esteem it a great favor. A copy of the work will be forwarded to you by post.

No. 51. ORDER THEREON, 21st April 1876, No. 449.

It is observed that the copies required by the Revenue Survey and Settlement, and the Forest Departments have been, or will be, procured by the Revenue Department.

2 The copies required for District Engineers will be procured by the Public Works Department.

3 The Director of Public Instruction will be requested to state whether any copies are required for the Civil Engineering College.

(True Extract.)
