*Proceedings of the Madras Government, Public Works Department,
16th May 1876.*

Read the following:

No. 54 W.

Note by the Chief Engineer for Irrigation.

No. 283.

THE District Engineer, Godavery, has transmitted an estimate, amounting to Rupees 2,050, for enlarging the Moyeru channel, a distributary of the Attili canal, Western Delta, Godavery, to enable it to irrigate 2,000 acres of land heretofore supplied from the drain called Razukodu.

2. The sanctions already given by the District Engineer and by this office against the lump sum sanction of Rupees 6,270 for Minor Distribution, Earthworks, under this canal, amount to Rupees 5,015, and with this estimate the total will become Rupees 7,065, or Rupees 795 in excess of the sanction. On the other hand, it is reported that Rupees 745 will be saved on the distribution works already sanctioned, and that consequently the net excess will be

Range Officer's No. 555.

Rupees 50 only. It is further reported that

no other distribution works will be required.

3. Government have not accepted the opinion of the undersigned that detailed estimates can, under the rules laid down by the Government of India, be sanctioned against lump sum grants by local Governments, and the matter has been referred for report to the Examiner of Accounts. It will be seen, however, that the Range Officer reports that unless the improvement of this distributary be carried out before the season for irrigation commences* 2,000

* i. e., before the end of June.

acres of land will be left without water,

and consequently it is recommended that sanction, subject, if necessary, to the confirmation of the Government of India, should be given.

OOTACAMUND,
6th May 1876.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.

To the Secretary to Government, Public Works Department.

ORDER THEREON, 16th May 1876, No. 1,228.

No. 284.

IRRIGATION, No. 34.

Account.

UNDER the circumstances brought to notice His Grace the Governor in Council sanctions, subject, if necessary, to the confirmation of the Government of India, the estimate of Rupees 2,050 for the improvement of the Moyeru channel against the lump sum grant of Rupees 6,270 for Minor Distribution, Earthworks, Attili Canal, Western Delta, Godavery.

2. It is reported that the above lump sum provision will be exceeded by Rupees 50 only altogether, the total of Rupees 7,065 of the estimates submitted being Rupees 795 in excess, but Rupees 745 savings on estimates previously sanctioned being available in reduction of the cost of the channels.

Proceedings of the Madras Government, Public Works Department,
16th May 1876.

3. The required particulars of this sanction, which has been registered as Irrigation No. 33 I. of 1876-77, are below noted:—

Project.—Godavery, Western Delta Canal, Attili.
Head of Service.—Irrigation.

Fund.—Extraordinary—Capital.

Class.—I. Works.

Main-head.—3 Distributaries.

Sub-head.—L. Earthworks.

Name of Work.—Moyeru Channel.

Amount of Estimate.—Rupees 2,050.

(True Extract.)

Note by the Chief Engineer for Irrigation

Encls. 4

The District Engineer, Godavery, has transmitted an estimate amounting to Rupees 2,050 for enlarging the Moyeru channel, a distributary of the Attili canal, Western Delta, Godavery, to enable it to irrigate 2000 acres of land heretofore supplied from the drain called Raxunkodu.

2. The sanctions already given by the District Engineer and by this office against the lump sum sanction of Rupees 6,270 for minor distribution, Earth Works, under this canal amount to Rupees 5,015, and with this estimate the total will become

Rupees 7,065 or Rupees 795
in excess of the sanction.

On the other hand it is re-
ported that Rupees 745 will
be saved on the distribution
works already sanctioned,
and that consequently the
net excess will be Rupees
50 only. It is further re-
ported that no other distri-
bution works will be required.

Range Officers
No. 535.

3. Government have not
accepted the opinion of the
undersigned that detailed
estimates can under the rules
laid down by the Government
of India be sanctioned against
lump sum grants by Local
Governments, and the matter
has been referred for report to the
Examiner of Accounts. It
will be seen however that
the Range Officer reports that

71
unless the improvement of
this distributary be carried
out before the season for
i.e. before the irrigation commences 2000
end of June acres of land will be left
without water, and consequently
it is recommended that sanc-
tion, subject if necessary
to the confirmation of the
Government of India, should
be given.
