*Proceedings of the Madras Government, Public Works Department,
16th May 1876.*

No. 287. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Madura, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madura, 2nd May 1876, No. 452 :—

I HAVE the honor to submit, for the favorable consideration of Government, the accompanying original application from the Overseer in charge of the operations Paumben, No. 16, of the 28th ultimo, recommending a revision of the existing scale of Workshop establishment at Paumben; and to request that, under the circumstances therein mentioned, the proposed scale of establishment may be sanctioned inasmuch as the change does not involve any additional cost to the State.

From Mr. J. FONCECA, Overseer in charge of Operations, Paumben, to Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Madura, dated Paumben, 28th April 1876, No. 16.

AFTER giving the subject a deep thought, I come forward to recommend the following scale of salaries to the members of the permanent establishment attached to this office for your favorable consideration and kind approval. I find it very difficult, owing to better emoluments in the Marine, Revenue, and Emigrating Offices at this place, to be able to retain the services of my best men for any length of time on their present pay. I therefore come forward with this scheme, and beg to recommend the abolition of the tindal's post as unnecessary; the present incumbent being made to fill up the lascar's post now vacant, and his pay split up with the view to increase the salaries of the rest of the establishment as shown below :—

EXISTING SCALE.			PROPOSED SCALE.			Remarks.
