*Proceedings of the Madras Government, Public Works Department,
20th May 1876.*

No. 355. Read the following letter from Major J. BEATTY, R.E., District Engineer, Godavery, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 17th February 1876, No. 3,372:—

I HAVE the honor to forward herewith, for the favorable consideration of Government, the accompanying copy of an application from Conductor J. Joyce, Sub-Engineer, 3rd Grade, and Deputy Superintendent, Government Workshop, Dowlaishweram, for an annuity and good conduct medal for the services he has rendered as a Warrant Officer and also for promotion in the department.

2. Mr. Joyce was classed as Sub-Engineer, 3rd Grade, on the 4th October 1872, and has not since received any departmental promotion. He has served his full time for pension, which he proposes taking upon attaining the rank of Deputy Commissary; but as this will most likely not be for another year or so, he trusts that he may at an early date obtain promotion to the next grade and have the advantage of increased pay during the period he is waiting for his promotion to the higher Warrant Grade.

3. Enclosed are copies of Mr. Joyce's testimonials which show that he has merited the good opinion of the several officers under whom he has served, and I trust his present application may meet with favorable consideration.

No. 356. ORDER THEREON, 20th May 1876, No. 1,265.

ESTABLISHMENT, No. 30.

MR. CONDUCTOR JOYCE is promoted to the rank of Sub-Engineer, 2nd Grade, (Supernumerary) from 1st April 1876, on the understanding that the Dowlaishweram Workshop is able to bear the additional expense of his increased salary.

2. His application for a medal and gratuity is transferred to the Military Department for disposal.

Memorandum

To General

It is submitted, with reference to the remarks of the Members of Government on this draft order, that the promotion of Conductor Joyce will not enhance the cost of the Public Works Establishments generally; as the Conductor is extra to the Establishment and the amount is paid by the Workshops to which he is attached. It is not necessary, therefore, that there should be a vacancy in the general Establishment to admit of his promotion.

Where does the money come to pay these workshops?

They are self-supporting
