*Proceedings of the Madras Government, Public Works Department,
20th May 1876.*

Read the following papers:—

No. 357. From the District Engineer, Presidency, dated 24th December 1873, No. 4,550.

No. 358. From Captain ROSS THOMPSON, R.E., District Engineer, Presidency, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 22nd February 1876, No. 5,044.

On the 24th December 1873, Lieutenant-Colonel Goddard, R.E., then District Engineer, Presidency, submitted for your favorable consideration with his letter

No. 4,550 a communication from the General Superintendent, Public Works

Stores, &c., No. 2,358, of 19th December 1873, forwarding a letter, dated 11th December 1873, from the Foreman of the Public Works Stores (Mr. Francis) applying for promotion.

2. As no reply has hitherto been received in the Presidency District Engineer's Office to Colonel Goddard's letter above referred to, the General Superintendent, Public Works Stores, &c., has requested me to lay the matter again before you for favorable consideration of Mr. Foreman Francis' claims to promotion. I enclose the General Superintendent's letter, No. 3,540, of 25th November 1875. I believe Mr. Francis still sustains the good character given him by Lieutenant-Colonel Goddard, who considered him "to be thoroughly honest, sober, and trustworthy, and competent to undertake the majority of duties which he may be called upon to perform as Mechanical Engineer."

No. 359. ORDER THEREON, 20th May 1876, No. 1,266.

ESTABLISHMENT, No. 31.

MR. SOLOMON FRANCIS, Foreman of the Presidency Workshop, will be brought on the list of the Public Works Establishments as a Supernumerary Supervisor of the 1st Grade from 1st April 1876. It has been ascertained that the Workshop, which is a self-supporting institution, can afford him the salary of Rupees 200 attached to that rank.

The General Superintendent.
Public Works Workshops & Stores
Chesapeake.

Sir,

I beg most respectfully to solicit a
favorable consideration of this my application
for promotion.

I have now been in the Service of
Govt 17 Years, 5 Years as a pupil and 6 Years
as an Ordinance. Artificer and 6 as a Foreman
in the P.W. Workshops, which appointments have
conferred on me the Colours Certificate Secretary
to Govt in purchasing my discharge from the
Ordinance Artificer corps for \$2000. I need hardly
dwell on the varied and numerous duties which have
been turned out of the Workshops since I was appointed
Foreman, as all these are well known to you, nor
need I mention on the what attention I have devoted
my best energies for the advancement of the Workshop
as you have a daily and personal knowledge of
what has and is constantly going on Day and
Night I have tested when the exigencies of the
Service required it and I must say that I was
well

well supported and encouraged in my efforts by
your kind assistance and able advice. I have
watched the increasing prosperity of the Workshop
and am encouraged to hope that my humble efforts
to promote its efficiency will not be overlooked.
It is not unknown to the District Engineer, that
during Mr. Thompson's illness I have been
called upon to attend at the General Hospital
to look to the efficiency of the Boilers to be used
for Punkah Pulling, which I am happy to
say are now ready to be placed in position
and under your orders, I have attended to
the Machinery at Guindy for Pumping
Water for the Court House, and I think
I am qualified to do the work of a Mechanical
Engineer. In fact I could assist in all the
work which is claimed to the title which
disappears in this Country to consist in getting
and setting up Machinery and whose services
are paid at high rates in the District.
My Pay as Foreman is Rs. 120-0-0
and contrasting this with the cost of super-
vision of the Dowlaishuaram Workshop which
amounts to Rs. 395-3-4 as under. I
feel that I have only to represent the
matter

matter for a favorable consideration of my
case.

Foreman, Conductor, J. Joya. ak
Sub Eng. 3rd Grade — Rs. 150-0-0
Military Allowance — 106-0-0
— 256-0-0

Overseer, Sergeant Bennett, Rs. 100-0-0
Military Allowance — 39-3-4
139-3-4. 139-3-4.
Rs. 395-3-4.

It will be seen from the foregoing that the Asst.
Foreman draws Rs. 19-3-4 more than I do as
Foreman of the Chapanki Workshop. I may here
mention that the individuals above named are
members of the Corps of Artificers and have all
the advantages of Military promotion as also
of advancement in the P.W.D. or the Establishment
of which they are borne as executives. These latter
advantages I cannot and should now humbly
solicit that I may be ranked in the executive of
the Department so that my future advancement
may be secured to me in the ordinary course of
promotion if I am found deserving. I may also
mention that the Dowlaishuaram Workshop
is on the same footing in regards to its working
as the Chapanki Workshop, and that all
charges

changes for supervision are paid out of the
earnings of the Workshop, the only difference
being that the former is classed as an
Imperial and the latter a Provincial
Establishment and now Sir, having pointed
out the disadvantages under which I labor
in regard to my more favored Brothers at
Simla and in the Simla District I most respectfully beg
that you will give the above your indulgent
consideration and in submitting my case
to the District Engineer that you will be
pleased to support it with your kind
recommendation and secure to me the loan

Sir

I have the honor to forward
for your favorable consideration
and support an application for
promotion from Mr. S. Francis
the Foreman of the Mechanical
branch of the Presidency Workshop.

Mr. Francis was entertained
in the Workshop as Foreman in
December 1867, on a salary of Rupees
(90) Quinety per mensem, which
was increased to Rupees (120) One
hundred and twenty per mensem
in April 1869.

In his capacity of Foreman
Mr. Francis has the general Super-
vision of the Foundry, Blacksmiths,
Carpenters, Filers and Fitting Shops,
his duties are therefore varied and
withal arduous.

I

In his letter Mr. Francis sets forth his services under Government extending over a period of (17) seventeen years commencing with his pupilage in the Gun Carriage Manufactory, and on the score of good and faithful service in the interests of the Workshop begs that he may have the same privileges conferred on him as his brother Serjeant in the Douala Shewan Workshop who is ranked in the Upper Subordinate grade of the Public Works Department whereby he may look for advancement in the ordinary course of promotion.

In the testimonial I gave Mr. Francis when he applied to you for the post of Mechanical Engineer I embodied my opinion of his ability and general good character, and it gives me great pleasure in bearing testimony to his continued good tempered willingness and diligence in the discharge of his duties, and as I have long contemplated an increase to his salary, I now take the opportunity of strongly

I have the honor to forward for your favorable consideration and support an application for promotion from Mr. Francis Curran of the Mechanical Branch of the Chepauk Workshops. The former application alluded to by Mr. Francis was forwarded to your Office in original with this Office's letter No. 2358 dated 19th December 1873, a copy of which is enclosed for ready reference and I beg to state that I still entertain the high opinion of Mr. Francis' ability and conduct that are therein recorded.

Enclosed I also send copy of certificate given by me to Mr. Francis when he applied to the late District Engineer Presidency for the post of Mechanical Engineer about to become vacant by the retirement of Mr. Thompson together with

M. 1398/76

with the District Engineer's reply:

Since Mr Thompson's death the mechanical work of the Presidency has been done by Mr Francis in addition to his workshop duties for which he has been paid from time to time by overtime bills.

I beg therefore respectfully to recommend that Mr Francis be promoted to Mr Thompson's place which is fully provided for in the Current year's Budget or else brought on the strength of the Public Works Department as a supervisor and so be eligible for future promotion similarly to the Foreman of the Bow-lashuwan Workshop.

Mr Francis would then be separate from the Workshops but may be placed under my orders for the execution of out-door work.
