B.P. No.		Mis.
Dated	20.5.	1876.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
20th May 1876.*

No. 371. Read the following endorsement of the District Engineer, Presidency, dated 16th May 1876, No. 730 :—

From J. N. GRAINGER, Esq., General Superintendent of Public Works Stores and Workshops, to Major P. MONTGOMERIE, R.E., District Engineer, Presidency, dated Chepauk, 11th May 1876, No. 194.

With reference to your docket, No. 588, dated 9th May 1876, requesting me to furnish the explanation called for in Chief Engineer's Memorandum, No. 240, dated 25th October 1875, communicated under endorsement, No. 3,302, of the 29th idem, I have the honor to refer you to paragraphs 4 and 7 of my letter, No. 1,069, dated 29th November 1875, in which the explanation called for was furnished. I beg to enclose extracts of my letter for ready reference.

2. I may add, in continuation of my letter above quoted, that the boring tools required by the District Engineer, Vizagapatam, are intended for boring artesian wells at Pottinghy and Koraput to a depth of 100 feet, and, as there are two incomplete sets of boring tools in store from which it is intended to meet the District Engineer's requisition, I have omitted the coal-boring tools in the Home Indent for 1876-77, and explained the cause of omission in my forwarding letter, No. 1,069, of the 29th November 1875.

SUBMITTED to the Chief Engineer and Secretary to Government, Public Works Department, with reference to his Memorandum, No. 240, dated 25th October 1875.

One Estimate.
The General Superintendent's letter, No. 1,069, dated 29th November 1875, furnishing the explanation was submitted with District Engineer's No. 3,793, dated 2nd December 1875.

(Signed) P. MONTGOMERIE, Major, R.E.,
District Engineer, Presidency.

No. 372. ORDER THEREON, 20th May 1876, No. 1,271.

ACCOUNT, No. 18.

ORDERED to be recorded.

(True Extract.)

Colonel,
Offg. Under Secy. to Govt., P.W.D.

To the District Engineer, Presidency.

Imperial, "Civil and Military Buildings"

Para 4 x x x x x
"In the present indent, I have omitted
the Boring Tools, estimated in the previous
indent at Rs 980, the Secretary of State having
intimated that the Tools can not be supplied
for the above amount as similar tools were in-
voiced at £ 418; from the price given by the
District Engineer, Vizagapatam, it is clear that
the supply of such expensive boring tools was not
contemplated by that Officer. I have therefore
omitted to include them in the Indent."

"Provincial Service"

Para 7 x x x x x
"I have omitted in this indent a set
of coal boring tools which it was intended to reserve
for emergent requisitions as the Invoice cost
£ 418 is far in excess of my estimate of £ 90...."

THE GENERAL INCHARGE,
PUBLIC WORKS STORES AND WORKSHOPS,

To

THE

District Engineer

Presidency, Fort St George

SIR,

With reference to your Order No 589 dated 9th May 1876, requesting me to furnish the explanation called for in Chief Engineer's Memo No 240 dated 25 October 1875, communicated under Indorsement No 3002 of the 29th idem, I have the honor to refer you to paras 2 & 4 of my letter No 1067 dated 29th November 1875 in which the explanation called for was furnished. I beg to enclose extracts of my letter for ready reference.

I may add in continuation of my letter above quoted, that the Boring tools required by the District Engineer, Vizagapatam are intended for boring pits and shafts at Balingy and Koraput to a depth of 100 ft and as there are two incomplete sets of Boring Tools in store from which it is intended to meet the District Engineer's requirement. I have omitted the local Boring tools in the same Indent for 1876-77, and explained the cause of omission in my forwarding letter.
