No. 398. Read the following letter from Majors H. M. VIBART, R.E., District Engineer, Bangalore, and ROSS THOMPSON, R.E., District Engineer, Presidency, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Bangalore, 12th April 1876, No. 6 :—

With reference to G.O., No. 3,230, dated 12th November 1875, regarding Lieutenant-Colonel Hawkes' memorandum on the subject of bakeries, we have the honor to state that having placed ourselves in communication with the Commissariat Officers at Bangalore and Madras, and with them considered how bakery buildings may best be arranged, we have arrived at the conclusion that the plan proposed by Lieutenant-Colonel Hawkes seems to be as efficient and economical as is possible. Colonel Benson proposes an arrangement which only differs from Colonel Hawkes' plan in having a radial arrangement of ovens with a central flue, and kneading tables on the outer circumference of the circular building. A tracing of Colonel Benson's plan is hereto attached.

2. While recommending that Lieutenant-Colonel Hawkes' plan in its general arrangement should be adopted, we beg to deprecate a rigid adherence to a standard plan, as the minor details of arrangement are so liable to vary with the different localities and climates in which the bakeries may be constructed.

No. 399. ORDER THEREON, 22nd May 1876, No. 1,285.

MILITARY WORKS, No. 7.

ORDERED to be forwarded to the Government of India with former Proceedings,* and intimation that Lieutenant-Colonel Hawkes' plan may be considered as the standard plan for this Presidency,

subject to such alterations as the Commissariat and Engineer Officers at particular stations may decide on.
