ABSTRACT.—*Treasury, &c., Buildings of the Godavery Collector's Office.*—Communicating to the Public Works Department Proceedings of the Board of Revenue regarding the —, and requesting that early arrangements may be made for building the treasury room which seems to be much wanted.

No. 474. ORDER THEREON, 26th May 1876, No. 1,326.

CIVIL WORKS No. 40.

It is observed that the disproportionate amount that had to be provided in the Budget for Public Works Establishments under the arrangements now in force by Financial Order, No. 1,613, dated 25th September 1874, prevented any allotments being made for more than a very few uncommenced Provincial Works, amongst which place could not be found for the Cocanada Press and Treasury with many others as emergent. The work will however be kept in view, and an allotment made at the earliest date practicable.

*Proceedings of the Madras Government, Revenue Department,
10th May 1876.*

No. 83. Read the following Proceedings of the Board of Revenue, dated 4th May 1876, No. 1,174:—

Read the following letter from J. HOPE, Esq., Acting Collector of the Godavery District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 19th April 1876, No. 97.

My predecessor, in his letter to the Board, dated 10th September 1875, No. 368, represented the urgent necessity that existed for the crection of the new Press and Treasury Buildings in connection with this office, and Government in their Order, dated 12th October 1875, No. 1,485, referred the matter to the Public Works Department, and directed that the requisite funds may be allotted for the purpose at the earliest possible date, and again in their Order, dated 26th October 1875, No. 164, the District Engineer was informed that funds would, if possible, be provided in the budget of 1876-77. Now, as the time approaches for the allotment of funds for the different works, I am induced to bring the matter to notice again, for it will be seen by the

annexed memorandum that the amount of cash in hand at present is very much larger than when Mr. Foster wrote so urgently, and as for stowing the money away, not only every available box in my office has been made use of, but boxes have had to be hired from the bazaar for the purpose. I would, therefore, respectfully suggest that, if the whole amount of the estimate is not available this year, a-third of it at least might

be sanctioned, as the District Engineer tells me that the front range for treasury and stamps, &c., could be completed first, and the rest of the building finished afterwards.
2. I would also mention that when His Grace the Governor visited my office, he inspected the treasury also, and fully agreed with me that a new one was much needed.

SUBMITTED for the orders of Government with reference to G.O., dated 12th October 1875, No. 1,485.

2. G.O., dated 26th October 1875, has not been communicated to the Board.
