*Proceedings of the Madras Government, Public Works Department,
1st June 1876.*

No. 24. Read the following letter from Major J. O. HASTED, R.E., Superintending Engineer, Kistna, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Masulipatam, 11th May 1876, No. 20 :—

IN consequence of the removal of Lieutenant Campbell from the district, I have transferred Mr. Norris, Executive Engineer, from the 1st Range to the 7th Range.

2. The first Range Office has been, for years past, held in a building at Duggirala, the private property of Mr. Norris. He is now anxious to dispose of all the buildings at Duggirala, and the present Range Officer, Mr. Sub-Engineer Carlier, is not likely to require them. Considering that no compensation has been made to Mr. Norris for the use of the bungalow for seven years, I propose that Government should purchase his property at Duggirala for the sum he asks, Rupees 600.

3. Until the erection of Range Officers' houses, the main building will be available as a Rest-house, and then the materials may be used. The bungalow has lately been repaired and out-houses rebuilt of stone in mud, the repairs having cost more than the sum now asked.

4. Should the proposal to purchase the buildings not meet with the approval of Government, I would suggest that a monthly rent of 15 Rupees should be paid to Mr. Norris, for the use of the buildings, until new Range Offices are built.

No. 25. ORDER THEREON, 1st June 1876, No. 1,308.

IRRIGATION, No. 2.
Account.

THE rental of the buildings referred to, as long as they may be required for a Range Office, is sanctioned.
