Read the following papers :—

No. 126. Proceedings of the Madras Government in the Judicial Department, dated 28th February 1876, No. 374.

ABSTRACT.—*Police—Buildings.*—The plan of the proposed Station-house at Itiky, Bellary District, approved.

No. 126-A. From W. LEGGATT, Esq., A.I.C.E., Officiating District Engineer, Bellary, to Colonel W. FAREWELL, Officiating Deputy Chief Engineer, Public Works Department, dated Camp at Ramandroog, 23rd May 1876, No. 649.

WITH reference to your memorandum, No. 595, of 30th March last, I have the honor to state that the Hospett Range schedule of rates exhibits the *average* rates of the range for terracing; the rate of Rupees 45 allowed in the estimate for the proposed Police Station-house at Itiky in the Huvinhudgully taluq of that range is a special rate and is necessary, as the materials will have to be carted either from Hospett or Hurpunhully; moreover, the quantity of bricks required is so small that it will not pay to manufacture them at the site.

2. As to the $7\frac{1}{2}$ per cent. entered in the estimate under notice for superintendence and sundries, I beg to state that anything between 5 and 10 per cent. is usually charged on account of Petty Supervision, &c., in this district agreeably to G.O., No. 1,093, of 7th April 1868.

No. 127. ORDER THEREON, 7th June 1876, No. 1,422.
