No. 279. Read the following letter from Colonel C. H. DICKENS, R.A., Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to the Governments of Madras, Bombay, Bengal, the North-western Provinces, and the Punjab, in the Irrigation Branch; the Chief Commissioners of British Burmah and Mysore and Coorg; the Agent to the Governor-General, Rajpootana, dated Fort William, 14th January 1876, Nos. 22—29 A.—I. :—

In order to admit of the preparation of the Regular Estimate of receipts and expenditure for the current official year, I am directed to request that a report may be furnished, so as to reach this office at Calcutta *without fail on the 4th February 1876*, of the probable receipts and expenditure chargeable to the Imperial Budget grant of the year 1875-76 under each of the following heads :—

F.—Imperial Ordinary direct Irrigation receipts to be included as such in Finance Accounts.

G.—Imperial Ordinary Irrigation expenditure in India, including fluctuations in balances chargeable to the Budget grant, and after deduction of provision for expenditure in England, and including refunds to Extraordinary grant.

H.—Extraordinary Irrigation expenditure in India, including fluctuations in balances chargeable to the Budget grant, and after deduction of refunds from Ordinary grant.

2. The form in which this information is required is herewith annexed. This report will, I am to say, be probably most conveniently drawn up in consultation with the Controller of Public Works Accounts, and after a consideration of the receipts and expenditure, actual and approximate, for the first nine months of the year, and the credit orders issued for January and February 1876.

3. No details of any kind other than those provided for in the form are necessary. If in the case of receipts the amount reported is appreciably in excess of, or less than, the Budget Estimate, a brief explanation of the difference should be furnished. And in the case of expenditure, the amount to be reported cannot, of course, be in excess of the sanctioned Budget grant. If it is considerably less than the grant, information of the cause should be furnished.
