REFERRING to the Proceedings of Government, No. 2,961, dated 15th October 1875, I have the honor to state that, during a recent inspection made in company with the Agent and the Traffic Manager, I carefully examined the station accommodation between Pothanore and Beypore. It was decided that the construction of houses for Station-masters at the under-mentioned stations was absolutely necessary. This will set free the station-houses for the comfort and convenience of the public.

2. A house for the accommodation of the Station-master at Condipoorum on the North-west Line is also required.

3. The expenditure on each building, as estimated for by the Railway Authorities, is set down opposite each station :—

RAILWAY, No. 20.

SIR,—The Consulting Physician of the Madras Railway Company brought to notice in September last the dirty appearance of several of the Station-houses visited by him owing to back verandahs being used by the Station-masters for cooking purposes. The Governor in Council thereupon directed detailed inquiry to be made as to the extent of accommodation provided, which appeared to be far too limited in many cases. This has now been done, and the Consulting Engineer submits with the accompanying letter plans and estimates, amounting to Rupees 14,200, for building houses for the Station-masters at certain stations which are specified. I am to recommend that sanction be accorded to the outlay which can be met from funds provided in Schedule B "Unforeseen Requirements" of the Budget Estimate for 1876-77.

I have the honor to be,

Sir,

Your most obedient servant,

Colonel,
