*Proceedings of the Madras Government, Public Works Department,  
20th June 1876.*

Read the following papers:—

No. 305. From T. D. HARRIS, Esq., Officiating District Engineer, Malabar, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Calicut, 21st March 1876, No. 224.

I HAVE the honor to bring to your notice that in G.O., No. 909, dated 20th March 1868, it was ordered that certain disused public buildings at Malliaporam be transferred to this department; these buildings consisted of one barrack, one conjee-house, one powder magazine, and one stable, and these were converted into an Overseer's residence, office and out-offices, and departmental stores; ever since that time up to 1873 these buildings were in use by this department, but on account of the Moplah outbreak at Kolatur about October 1873, I believe the office of Special Assistant Collector was created and located at Malliaporam, from which time these buildings have been occupied as Special Assistant Collector's Office; independent of the above, I find that, after repairing the buildings for five years by the Public Works Department in March 1874, the District Engineer sent an estimate\* to the Collector for approval for repairing the Public Works Department bungalow at Malliaporam during 1874-75, but the President, Local Fund Board, in his No. 22, dated 24th April 1874, informed the District Engineer that the building in question is the property of the Local Fund Board, it having been transferred to them along with other district bungalows when the present Local Fund Act came into operation, and that the repairs would be executed by the Revenue Department.

2. Neither the occupation of these buildings by the Special Assistant Collector nor the transfer to the Local Fund Board has been intimated to this department.

3. Finding now that there is no building available at Malliaporam to hold the Ernaad Range Office, I asked the President, Local Fund Board, to allow a room in the Malliaporam travellers' bungalow for the use of Ernaad Range Office, but the President informs me that a rent of 15 Rupees should be paid; to this Captain Bailey, Executive Engineer in charge of Ernaad Range, objects on the grounds that, as the buildings belong to the Public Works Department, this department has no reason to pay rent but the Revenue Department for the accommodation of the Special Assistant Collector's Office. The Ernaad Range Office is at present held at Calicut; but this being inconvenient for the Range Officer, I shall be obliged for an order as to whether you will be good enough to order the restoration of the building to the Public Works Department, or whether a rent of 15 Rupees should be paid until a new Range Office is built at Malliaporam.

No. 140.

REFERRED to the Chief Secretary for any information which may be available in his department as to the right to the building.

No. 305-A. Proceedings of the Madras Government in the Judicial Department,  
dated 28th April 1876, No. 813.

Read the following letter from the Collector of Malabar, to the Chief Secretary to  
Government, dated 25th April 1876, No. 32.

THE District Engineer's letter in the Public Works Department, No. 224, dated  
Forwarded with endorsement, dated 6th April 21st March 1876, refers to two sets of  
1876, No. 639.  
buildings, viz. :—

I.—The present travellers' bungalow at Malliaporam.

II.—The present Special Assistant Collector's Office there.

2. As regards the first of these, it seems the main building was originally  
a hospital, and was, with the sanction of Government (G.O., Public Department,  
No. 1,467, dated 26th November 1867), converted into a public bungalow. At the  
introduction of the Local Funds Act it became, as intimated to the District Engineer  
in letter from this office, No. 22, dated 24th April 1874, Local Fund property.

3. As regards the second, it seems that a barrack, a conjee-house, a powder  
magazine, and a stable were, with the sanction of Government (G.O., Public Works  
Department, No. 909, dated 20th March 1863), transferred to the Public Works  
Department. When in 1874 the Special Assistant Collector was re-appointed to this  
District, it was found that there was no public building at Malliaporam suitable for  
his office, and Mr. MacGregor arranged, apparently without objection on the part of the  
District Engineer. (*vide* this office letter, No. 1,336-A., dated 22nd May 1874), to his  
occupying them as an office, and this is at present the use to which they are put.

COMMUNICATED to the Public Works Department with the Officiating District  
Engineer's letter returned.

FOR ORDERS.

Submitted for orders.

A Range Office is much  
 required at Malhiapouram,  
 and if the Public Buildings  
 made over to the Public Works  
 Dept. are to be retained  
 by the Special Assistant  
 Collector there seems no  
 reason why the Local Fund  
 Board should not give  
 up the old Hospital  
 that was converted into  
 a  
 I would ask the Local  
 Fund President if  
 there is any valid objection  
 to making over the  
 portion required of  
 the old Hospital & Buildings  
 to the District as it  
 seems not in general  
 use by the Public. If  
 no objection I think rent  
 must be paid until  
 the District Office can be  
 built. But

Bungalow, to the Public  
Works Department. None  
but Govt. officers on duty  
ever use the Bungalow.
