Proceedings of the Madras Government, Public Works Department,
20th June 1876.

No. 307. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 13th June 1876, No. 291:—

WITH reference to paragraph 3 of the Proceedings of Government, No. 1,013, dated 21st April 1876, I have the honor to state that I learn from the Agent of the South Indian Railway that up to date twenty-seven cow-catchers have been received from England, and that seventeen of them have been fixed to the metre gauge engines now running on the line. The remainder will be fitted to the engines now in course of erection.

2. The cow-catchers now being received from England are of an improved design furnished by the Locomotive Superintendent.

3. Mr. Betts writes as follows:—

"I cannot quote a date when the full stock of engines will be furnished with cow-catchers, as so much depends upon the shipment from home. I have communicated with our London Office on the subject, and as soon as I am able to send you a definite answer, I will do so."

No. 308. ORDER THEREON, 20th June 1876, No. 1,518.

RAILWAY, No. 36.

RECORDED.

2. Further reports will be submitted quarterly as for the Madras Railway and on the same dates. It should be made an essential in specification for any new engines ordered that they are supplied with cow-catchers.
