*Proceedings of the Madras Government, Public Works Department,
20th June 1876.*

No. 315. Read the following letter from Major J. BEATTY, R.E., District Engineer, Godavery, to Major-General G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Samulcottah, 29th May 1876, No. 541 :—

I HAVE the honor to forward herewith a letter* from the Officer in charge of the Workshop explaining how much the new Screw-cutting Lathes that have been indented for are required for the new

* One letter No. 34, of 19th May 1876.
To be returned.

Machine Shop now ready to receive them, and to request you will be good enough to consider whether it is not practicable in some way to hasten the supply of these machines.

From Lieutenant D. McNEIL CAMPBELL, R.E., Executive Engineer in charge Government Workshop, to Major J. BEATTY, R.E., District Engineer, Godavery, dated Dowlaishweram, 19th May 1876, No. 34.

In requesting your early attention to Captain Brockman's letter, No. 33, dated 6th May 1875, I have the honor to inform you that the Screw-cutting Lathes are urgently required; it is quite impossible with the two lathes now in the Workshop to turn out all the screws indented for, and it is certain that for the next two or three years the lathes will be kept constantly at work; after that period, they will, without doubt, be required in the Kistna District when the completion project is commenced. The other machines mentioned in Captain Brockman's letter, though very necessary, are not so urgently required as the lathes; I request therefore that you will endeavor to get them as soon as possible.

No. 316. ORDER THEREON, 20th June 1876, No. 1,522.

ACCOUNT, No. 17.

UNDER the circumstances reported the General Superintendent of Public Works Stores will include the machine in a Special Indent for submission to the Home Government.

Encl.

In requesting your early attention to
Capt. Brockman's letter no. 88 dated 6th
May 1875. I have the honor to inform
you that the screw cutting lathes are
urgently required, it is quite impossible
with the two lathes now in the
workshop to turn out all the screws
indented for and it is certain that for
the next two or three years the lathes
will be kept constantly at work
after that period, they will without
doubt be required in the Krishna District
when the completion project is commenced.
The other machines mentioned in Capt.
Brockman's letter though very necessary
are

are not so urgently required as the
lathes. I request therefore that you
will endeavour to get them as soon
as possible.

From,

Major J. Beatty R.E.

District Engineer Godavari D.

To,

Major General G.W. Walker R.E.

Chief Engineer P.W. Department
Madras.

Sir,

I have the honor to forward here-
with a letter from the Officer in charge
of the Workshop explaining how much
the new screw cutting lathes that have
been indicated for are required for the
new Machine Shop now ready to receive
them, and to request you will be good
enough to consider whether it is not prac-
-ticable in some way to hasten the supply
of these Machines-
