Read the following Proceedings of Government in the Public Works Department, dated 2nd August 1875, No 2,220 —

ABSTRACT—Passing orders on Resolution of the Government of India reviewing the Madras Provincial and Local Funds Budget Estimates for 1875-76.

ORDERED to be recorded with the remark that the Provincial allotment for Public Works is as large as the means at the disposal of Government will admit, after due provision for the Provincial Services; that the balance of cost of Public Works Establishment, after deducting contribution from the Imperial, Local, and Special Funds, must fall on the Provincial Fund; and that the instructions contained in paragraphs 15 and 16 of the Resolution of the Government of India relate to the Budget compiled by the Public Works Department from those furnished by the Financial

ACCOUNT, No 27.

ORDERED that the compiled Local Fund Budget Estimate be forwarded to the Government of India

2 In paragraphs 15 and 16 of their Resolution\* recorded with G O, No 2,220, dated 2nd August 1875, the Government of India called attention to the form in which the Local Fund Budget is submitted, and they pointed out that the usual form and arrangement of the Public Works Budget should be followed in the preparation of the Local Fund estimate. The subject

† Paragraph 8 of G O was accordingly referred† to the Financial Department for the issue of the necessary instructions. No action has, however, been

† Vide Financial Proceedings, No. 2,535, dated 31st December 1875 taken in the Financial Department,† and the estimates for the year 1876-77 have been prepared in the same form as that

objected to by the Government of India. Seeing, however, that the Supreme Government expected their orders to be acted upon, an attempt has been made in the Public Works Department to throw the Circle Budgets into the required form. This has involved a complete rearrangement of details at the sacrifice of considerable labor and time. It was impracticable under these circumstances that the compiled Budget could reach the Government of India by the prescribed date, viz., 15th February. It is requested that the requisite arrangements will now be made in the Financial Department for the compilation of the Local Fund Budget of 1877-78 in the form required by the Government of India.

5 The practice of making allotments for works for which estimates have not been prepared and which may not be sanctioned till late in the official year is one of the principal causes of the unsatisfactory results which have more than once been animadverted upon after review of the Local Fund operations of previous years.

6 Under the existing rule\* any unsanctioned work estimated to cost more than Rupees 1,000, for which estimates are likely to be submitted to Government or to the Board of Revenue within four months after the commencement of the official year, may be included in the Budget

No less a sum than Rs  
 3,45,552  
 as shown below has  
 been provided for unsanctioned  
 work, of which the 2,63,520-227-20  
 2,60,000

are to be spent by Officers of  
 the P. W. Dept.  
 17-2-81 17-2-81

The practice of making  
 allotments for works for  
 which estimates have not been  
 prepared and which may  
 not be sanctioned till late

in the official year is one  
 of the principal causes of the  
 unsatisfactory results which  
 have more than once  
 manifested upon after re-  
 view of the local fund -  
 operations of previous years

Under the existing rule  
 any unsanctioned work es-  
 timated to cost more than  
 Rs 1000 for which estimates  
 are likely to be submitted  
 to Govt or to the Board

of Revenue within four  
 months after the commence-  
 ment of the official  
 year, may be included in  
 the Budget.

Some modification of this  
 Rule, seems called for. The  
 subject will be considered  
 in the Financial Dept.
