ABSTRACT.—Passing orders on the Resolution of the Government of India on the
Imperial Public Works Budget for 1876-77.

THE Governor in Council is of opinion that application should be made in the
Public Works Department to the Government of India for an additional grant at the
rate of 25 per cent. on the amount by which the budget grant for Imperial works has
been reduced, as an aid to Provincial Funds towards meeting the charge for Public
Works Establishment which is becoming burdensome beyond measure, and is aggra-
vated by the action of the Government of India on this occasion.

THE SECRETARY TO THE GOVERNMENT OF INDIA,

ACCOUNT, No 32

SIR,—In their Proceedings of the 8th
June 1874, No 406-7—AG, the Govern-
ment of India suggested that the Public

Works Establishments of this Presidency should be considered Provincial for purposes of account, Imperial Funds paying (in the absence of any special arrangement) a fixed percentage on the grant for Imperial works, or on the outlay whichever may be greater, with in addition the charge for Conservancy Establishment, and that of the Chief Engineer for Irrigation. The percentage proposed was 25 per cent, which, as compared with the allotments for works in the Budget of 1874-75, seemed equitable. The arrangement was accordingly agreed to, on the distinct understanding, however, that no great change should take place in the allotments for works. The operation of this principle is now becoming burdensome beyond measure on the Provincial Funds of the Presidency. And, owing to the extensive reductions which the Government of India have made in the assignments proposed by the Government of Madras for Imperial Public Works for 1876-77, the evil has been greatly aggravated. A reference to paragraph 5 of my letter, No 953, dated 10th April 1876, submitting the Provincial Public Works Budget for the current year will show that out of a total grant of Rupees 14,00,000 made under Provincial no more than Rupees 7,96,568 could be appropriated for works and repairs, "Establishments" having absorbed Rupees 5,23,432 of the amount, or 65 per cent. on the cost of the works. I am directed by His Grace the Governor in Council to request that the Government of India will, on consideration of these circumstances, see fit to sanction an additional grant at the rate of 25 per cent on the amount by which the Budget grant for Imperial works has been reduced, as an aid to Provincial Funds towards meeting the charge for Public Works Establishment.

I have the honor to be,

Sir,
