The foregoing papers are replies from the several Collectors to paragraph 2 of the G O, Public Works Department, dated 28th March 1873, No 965, remitting for consideration in the Financial and Revenue Departments the question whether "one copy of a Range Progress Report submitted to the Collector of a district is not quite as much as need be supplied, that copy containing the Progress Report of Local Funds, and enabling the Collector to supply himself as President of the Local Fund Board with such extracts as may be required by himself and the Vice-President."

2 From the foregoing replies it appears that under the existing practice the Collector is furnished with one copy only of the Progress Reports, which generally embrace all works under execution in the several ranges, whether Imperial, Provincial, or Local, but in the Kistna and Kurnool districts separate statements of Imperial and Local Fund works are compiled, whilst in the Godavery and Tinnevelly districts Progress Reports of Local Fund works are furnished monthly, and those relating to Imperial works quarterly.

3. The Collectors are unanimously of opinion that one copy of the Range Progress Reports is sufficient, but one or two officers are apparently in favor of separate statements for Imperial and Local Fund works. The advantage of this is not apparent, as it will suffice if all works, whether Imperial, Provincial, or Local, are embodied in one general statement, the several works being exhibited under the class to which they respectively belong, and the expenditure on each class of works being

separately totalled. The proposal that Range Progress Reports should be submitted to Vice-Presidents, Local Fund Boards, or through Divisional Officers does not commend itself to the Board, as such a course is likely to cause delay in the submission of the monthly accounts

Sir,

1. I have the honor, in reply to Board's Proceedings Miscellaneous No. 2509 dated 25th April 1873 to state that no progress reports are sent to the Vice Presidents of either of the Circles in Kistna District.

2. I receive as Collector a progress report of the Imperial works of the Range and also one of the Local Fund works; from the latter an abstract is compiled and sent to the Vice President of each Circle.

3. This system works very well; it would seem to be better to keep the two reports separate and I cannot fancy it will increase the work in the Range offices to do so.

Sir,

With reference to the Miscellaneous Proceedings of the Board of Revenue No. 2509 of 25th April last, requesting me to report on para 2 of the Government Order No. 965, dated 28th March 1873, I have the honor to state that as the Progress reports received from the Range Officers furnish me with the necessary information required for the preparation of the Local Fund Accounts submitted to the Revenue & Local Fund Boards as Separate Local Fund Progress reports need be supplied to me as President of the Local Fund Board.

2. Extracts from these reports would, no doubt, serve as Progress reports of Local Fund works, required by the Vice Presidents for the information of the Circle Boards, but to have these Extracts as made out in this office would be a difficult matter and for this reason, there are three Circles in this District and Four Progress reports are received, 2 for the Bellary and one for each of the remaining Circles. The Range Officer submits one copy, whilst this office would have to prepare four different Statements.

3. With the present Local Fund Establishment I do not think it would be possible to do this.

4. Under these circumstances, I would recommend that the Submission of the Local Fund Progress report by the Range officer to the Vice President, be continued, that to the

Sir,

In acknowledging receipt of the Boards Proceedings dated 25th Ultimo Mis. 2025 Q, I have the honor, with reference to para 2 of the G.O thereinto communicated, to state that the most convenient course will be for the Range officers to furnish the Collector with separate Progress Reports for Imperial and Local Fund works

2 As the Reports are prepared on printed forms, it would not add to the work of the P.W.D, to separate

the Imperial and Local Funds works, while the only labor it would entail on the Collector's office would be the preparation of a copy of the Local Fund Report for transmission to the Vice President of the Chingleput Circle Board.

This would materially reduce the labor of copying referred to by me in his letter
