*Proceedings of the Madras Government, Public Works Department,
30th June 1876. No. 1,661.*

No. 639. Read the following letter from Colonel C. H. DICKENS, R A, Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Major-General G. W. WALKER, R E, Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Simla, 15th June 1876, No. 235 A. I. —

I AM directed to acknowledge receipt of the application, No. 17-A, dated 3rd May 1876, for a re-appropriation of budget credits for 1875-76, and, in reply, to say that, as

Nos 511 and 512, dated 30th March 1876, it is understood from the Proceedings quoted in the margin that the transfers in question have already been authorized by the Government of Madras, the Government of India have been pleased to confirm the action taken in the matter.

2. I am, however, to point out that, as regards the re-appropriations for improvements to the Survapully channels, it would appear that the outlay on the work to end of 1876-77 is likely to exceed the sanctioned estimate by Rupees 26,685. This amount is in excess of the sum which under the rules in force can be passed by the Government of Madras, and I am, therefore, to inquire what the total cost of the work is likely to amount to, and, if a revised estimate is necessary and requires to be submitted to the Government of India, when it may be expected to be received. The Governor-General in Council would feel obliged for a very early reply.

No. 640 ORDER THEREON, 30th June 1876, No. 1,661.
