*Proceedings of the Madras Government, Public Works Department,
5th July 1876 No 1,689*

No 49 Read the following letter from Captain L CONWAY-GORDON, R E,
Examiner of Public Works Accounts, to Major-General G W WALKER,
R E, Secretary to Government, Public Works Department, dated Fort St
George, 23rd June 1876, No 78 W —

With reference to the Proceedings of Government, (No 1,233,) under date the
17th May 1876, I have the honor respectfully to observe that the sum of Rupees
141-12-2, referred to in paragraph 2 of the District Engineer's letter, was expended
in the early part of the year 1875-76, and, in accordance with the Budget rules, was
finally charged off in the accounts of that year

2 It is, therefore, unnecessary to appropriate a portion of the funds of the current
official year to meet a charge which, as regards the accounts of this year, is simply
non-existent.

3 I am also of opinion that the further sum of Rupees 321-3-5 expended in
disposing of the machinery should more fairly be considered as a deduction to the
sum realized on the sale than as a charge to the Budget grant for the purchase of
new supplies of tools and plant I am, in fact, of opinion that the whole of the
expenditure could have been adjusted without any appropriation of funds, and I should
have advised the Government accordingly had I been fortunate enough to have seen
the case before the orders of Government had been passed.

No 50 ORDER THEREON, 5th July 1876, No 1,689

ACCOUNT, No 3

The sum of Rupees 463 will be with-
drawn and held at the disposal of Gov-
ernment

2 All applications for adjustment of sums outstanding in range accounts will
be submitted to the Examiner and not to Government

3 There should apparently be little or no occasion to refer such details to
Government, but the reference, if necessary, will be made by the Examiner
