Public Works DEPARTMENT.

G.O. No.	1692	Press
B.P. No.		Mis.
Dated	5-7	C876 195

Not to be folded or roughly handled

No 55 Read the following letter from W. B. LEGGATT, Esq A I C E, Officiating District Engineer, Bellary, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Bellary, 27th June 1876, No 1,131 —

I HAVE the honor to report that the Pennacondah* and Ghooty† Range Officers forwarded the several medical certificates as per margin, for leave for certain individuals in their office establishment, and recommended the volunteers, in their offices, to be appointed to act for the absentees, which I accordingly approved of and made the following appointments

* For Vencatachellum Pillay—
18th February for 20 days
8th March for one month in extension
8th April do do
23rd May, 15 days do

† For Armoogum Pillay—
21st April for one month and eighteen days
from 17th April
5th June 1876 for two months in extension.

Ramsing, a volunteer in the Pennacondah Range Office, to act for Draftsman Vencatachellum Pillay on sick leave, and

M. Joseph, a volunteer in the Ghooty Range Office, to act for Assistant Accountant Armoogum Pillay, also on sick leave

2. The leave originally granted, it will be seen, was subsequently extended month after month on medical certificates furnished by the parties concerned.

3. Both the acting men are unpassed candidates, but as passed candidates were not available, the best possible temporary arrangements were made to assist the Range Officers in carrying out their current office duties.

4 The Examiner of Public Works Accounts has passed the salaries of these men from April, provisionally, pending the orders of Government for the final admission of their pay, with reference to G O, No 580, dated 3rd March 1876, but passed Ramsing's pay up to date of receipt of the above quoted Government Order unchallenged

5 I have addressed the Examiner and pointed out that the Government Order above quoted makes the Examination Rules absolute in cases of permanent appointments only, and that it does not refer to such temporary acting appointments as those above mentioned, the more especially as the moiety drawn in each case is less than Rupees 20

6 In reply, the Examiner stated that the "G O, No 580, of the 3rd March 1876 makes no exception in favor of persons temporarily appointed to officiate in situations the salaries of which may be Rupees 20 and upwards, and that he was therefore unable to admit, without the special sanction of Government, the pay of any unpassed men who may be appointed to officiate in such situations, notwithstanding that the portion of pay to be passed to them is less than Rupees 20 per mensem"

7 Under these circumstances, I beg that the Government will be pleased to authorize the Examiner of Public Works Accounts to finally pass the acting allowance of Ramsing and M. Joseph from April last.

8. I beg to add that it is not always an easy matter to procure the services of passed candidates for acting employments for short periods on small salaries in places like Ghooty, Pennacondah, and other parts of this district. Of course preference is given to passed candidates when available in filling up acting appointments; but in their absence it is absolutely necessary to make the best possible arrangements to afford aid to Range Officers for carrying on their office work.

Proceedings of the Madras Government, Public Works Department,
5th July 1876. No 1,692

9. I may mention in conclusion that Vencatachellum Pillay has since, under the orders of the Chief Engineer, Public Works Department, been struck off the list of the Pennacondah Range Office Establishment, and the volunteer continues to act until the arrival of a passed candidate who has been appointed to the vacancy in question.

No 56 ORDER THEREON, 5th July 1876, No 1,692

ESTABLISHMENT, No. 8.

THE salaries disallowed may in this case be passed till qualified persons have been substituted. But volunteers

who are not qualified to succeed to appointments in offices should not be entertained And the District Engineer should take more decided measures than he appears to have done to secure the services of fully qualified men to fill vacant appointments
